

Tinley Teen Club Reorganizes In 1952; 110 Active Members

The Tinley Park Teen club was reorganized in 1952 through the efforts of Joe McCarthy who still is the club's only advisor and teacher in all of its activities.

McCarthy interested members of the then existing Tinley Park Civic club, in reorganizing a club for teens to replace one which had disbanded. Besides McCarthy, Walter Seyffert, past commander of the Veterans of Foreign Wars, post No. 2791, and Mr. and Mrs. Milton Carlson, are responsible for organizing the teen club as it operates today. Seyffert still takes an active part in the program.

Club Officers

A Valentine dance in February of that year started the program rolling.

At the first election of officers held in September, Dan Czernic was elected president. Other officers were Don Goessel, vice president; Joan Beck, treasurer; and Beverly Pokorny, secretary.

The second year's officers were George Ficker, president; Bob Mason, vice president; Lori Smith, secretary, and George Wagner, treasurer.

The third year the following were elected: Tom Noonan, president; Roy Mortenson, vice president; Mary Ann Ficker, treasurer and Jackie Panazzo, sec.

This year's officers are Roy Mortenson, president; Herb Hultsch, vice president; Peg Gallagher, secretary, and Diane Cupp, treasurer.

Sport Activities

Sports activities for the girls include softball and basketball. Last year these teams won second place in the South Suburban league. They are coached by William Bingham and Norman Ryer.

The boys enjoy basketball, softball, wrestling and rifle shooting. There are bowling teams for both boys and girls.

The wrestling team is coached by Dave Vance, assisted by Al Heller.

Fifteen teenagers are active in the rifle club. Their instructor is James Marshall.

Harold Coley is coach of the 12 bowling teams for a total of 60 participants in a mixed league of the American Bowling Congress. Herb Hultsch is president of the bowling club. One

team placed 92nd in national competition.

Social Activities

Dances are held at the VFW hall thru out the year, beginning in February with a Sweetheart dance. In June the Teen club invites graduates of Tinley Park schools to a dance in the club rooms. This year a Sadie Hawkins dance was held. Trips to the sand dunes, splash parties, hayrides, and roller skating are some of the pleasant activities.

The club holds a business meeting each Thursday evening in the VFW club rooms, 172nd and Oak Park ave.

Club dues are \$1 a year. When a girl reaches the age of 16 and a boy 20, they become honorary members and receive a gold membership card. At the present time there are 110 active members and 81 honorary members.

The youth take part in fund-raising activities. During the VFW carnival this year, they rented a booth, making a profit of \$93.

During the Fall Festival, sponsored by the Tinley Park Recreation commission, a Mr. and Miss Tinley Park are chosen in a popularity contest to reign over the festival. The teens take an active part in village administration during Youth Week, holding office and serving as the governing body.

Friend of Teenagers

Joe McCarthy, whose life is dedicated to working with and helping teenagers, believes that delinquency is caused mostly by lack of interest in the home. Where children are taken too much for granted and parents are not genuinely interested in their activities, they find undesirable outlets for recognition. The Teen club gives youngsters the feeling of belonging. Activities provide a proper outlet for their energies.

McCarthy, the friend of the teenager, has only one purpose in life, and that is to help the youngster who needs it most. The many years he has been working with teenagers has given him a keen insight to their problems. When a boy or girl needs help, he is their confident and advisor. The Tinley Park teenagers are very fortunate to have such a champion to their cause, and a friend.

Young Hurler

Jerry Miller, of the pitching staff of the Tinley Park Police league team, has been showing

good stuff. He won the opening game against Park Forest 7 to 1. In the game last week which Tinley lost to Matteson, Miller pitched the last 2 1-3 innings. He came in the seventh inning after two men were on, walked one and allowed one hit which scored two runs. For the rest of the game he held Matteson hitless. Matteson won 5 to 1.

(Times Photo)

For the past 18 years, our approved reserves of crude oil have been equal to 13 times the amount produced.

American farmers today have nearly 20 billion dollars worth of equipment that needs fuel and lubricants from the oil industry.

Honesty Best Policy

Jim Monetervielle, of Park Forest, took a long lead toward second with intent to steal in the game against Tinley Park Police league team but changed his mind fast when he caught a move that the Tinley pitcher was about to swing around for a pick-off play at first. Jim hit the dirt in a Rivera slide and just got in ahead of the ball. Jerry O'Neil is the Tinley first baseman.

Baseball Program For Small Fry Began at Tinley Six Years Ago

Don Boston originated a baseball program for boys in Tinley Park six years ago. He approached Bud Baker of Peotone, a former major league player and they worked out a schedule, agreeing to follow the rules and regulations of Little League baseball. Scheduled and practice games were played the first year, but no league was formed until the following winter and then it was as the Small Fry instead of the Little League because of certain conditions that existed and for the matter still exist.

Reinie Meyer coached the first team and all of the necessary equipment was supplied by Mr. Boston.

The second year of play the Wilco league was formed consisting of teams from Will and Cook counties. The team was equipped with suits thru the generosity of the Service Bakery and they received financial support from the Tinley Park Recreation Committee.

Eric "Moose" Nasebandt, former minor league ball player, took over the second year team as coach.

The Small Fry reached the league finals and won a trophy each year. All of the original players on the first team are still playing baseball on local teams.

The present team is coached and managed by Jack Casey and Francis Meakim. Two home games remain on their schedule, on July 12 and 23.

Expand Program

Besides the regular traveling team, four additional teams have been formed into a town league this year. The teams and managers are: Cubs, Harold Anderson; Braves, Robert Jirka; Sox, Ken Banks; Cards, Ralph Kimmel. General manager is Phil Virtue.

These teams will play two games July 4, starting at 1 p.m. Local merchants, the Recreation Committee, and the Tinley Parks Lions club are responsible for the new uniforms with which all five teams have been equipped.

The present Small Fry team is leading the northern division of the newly formed Tri-County league at the half-way mark.

Pony League

Three years ago a Pony league was formed for boys 13 thru 15 years old. Moose Nasebandt coached this team for the first two years and its manager was

tract with one of the Cardinal-operated clubs. To participate in tryouts an American Legion player must have letter of approval from either his Legion coach or post commander.

Voris Miller. Under their tutelage, the team were league champions both years, having lost only three games in that period. Seven of the players are now on the squad of the Bremen Community High school baseball team.

A Babe Ruth league has now replaced the Pony League. This and the Small Fry league has been formed into the Tri-County league, comprising Cook, Will and Kankakee counties. Reinie Meyer is coaching the Babe Ruth team.

Officers of the Tri-County league are Warren Baker, Peotone, president; William Zinn, Orland Park, vice president; Al Rodger, Tinley Park, secretary-treasurer; and Wendell Morrison, Frankfort, commissioner.

Police Team

Another baseball team was formed this year in Tinley Park. It is sponsored by the police department under chief Harold C. Moore and is coached by William McBurney, assisted by Joe Diamond. They will play in the newly formed Police league of Cook county. The police conceived this league as a means of helping boys ages 15 thru 17, as they have more occasion to come in contact with boys of this age bracket than any other.

Six teams are entered in the southern section. At the end of the season there will be playoffs by winners of northern central and southern sections.

North, South Divide Wins in All-Star Tilts

The Northern Small Frys won their second consecutive annual All-Star game in the Wilco League Saturday at Manhattan but victory in the Babe Ruth encounter went to the star team from the southern end of the loop whose pitchers hurled a no-hitter. Both games were shutouts, the Small Fry score being 4-0 and in the Babe Ruth tilt the final count was 6-0.

The Babe Ruth league of this year was known as the Pony league last season, and last year the Northern Pony outfit won.

This year, however, the Northerners couldn't buy a hit. Both teams played good ball and at the end of six innings it was a scoreless tie. Then in the seventh and last frame the Southern Section counted six runs on three hits, three walks and three errors.

Palmer led off with a single,

Matteson Beats Tinley 5 to 1

By Al Rodger

The Matteson Police league baseball nine forged a neat 5-1 victory over their erstwhile Tinley nemesis to take the lead in the circuit.

Buchmier the winning pitcher yielded seven hits while Ron Stege allowed only 4 in 6 2-3 innings and Jerry Miller one hit in 2 1-3 innings for Tinley.

Matteson scored in the first inning when Dehnam homered between center and right field.

In the third inning, Muffley singled, stole second and scored long fly after a circus catch, when Miller dropped Seaman's

Dehnam opened the fifth inning with his second hit, stole second and third and crossed the plate when Hugg bobbled J. Buchmier's hard grounder.

Matteson's final two runs came in the seventh inning when Buchmier singled, Pieper walked, Miller relieved Stege at this point and walked Becker to fill the bases. Schuling singled, scoring Buchmier and Pieper. Wilke struck out to end Matteson's scoring.

Tinley's only run came in the ninth inning when Stege pulled a long drive over the right fielder's head for a home run.

The home team expects to return to winning form next Sunday when they travel to Robbins for their next tilt.

High fanned. Bisher singled, Palmer stopping at second. In an attempted pick-off at first Yunker threw the ball into right field, advancing both runners. Whelung walked, filling the bases. Quigley was safe on a error with Palmer scoring what could have been the winning run but the next man, Esson, walked forcing in Bisher and leaving the sacks still loaded. Kinning struck out. Mittons, walked, forcing in another run and two more came in when Hilt lined a single to left center. Palmer struck out but got to first on a dropped ball and another run was scored on an error before Bisher struck out to end the inning.

Harry Fee, of Mokena, managed the Northerners.

Teams comprising the north section of the league are from Mokena, New Lenox, Manhattan, Frankfort, Tinley Park and Orland Park. In the southern section are Beecher, Peotone, Steger, Matteson, Grant Park and Momence.

The Northern Small Frys used the required number of pitchers, three, with each working two innings, to vanquish the South-erners. Bill Robbins of Manhattan took the first tour of duty, followed on the mound by Pat Warren of New Lenox, with Ronnie Yunker, of Mokena winding it up.

Tom Robbins, a brother of the pitcher, distinguished himself by ending one inning with a throw from deep in his territory to the plate in time to nail a runner dashing in from third, and he began the next frame with a home run.

THE NEWS-BULLETIN

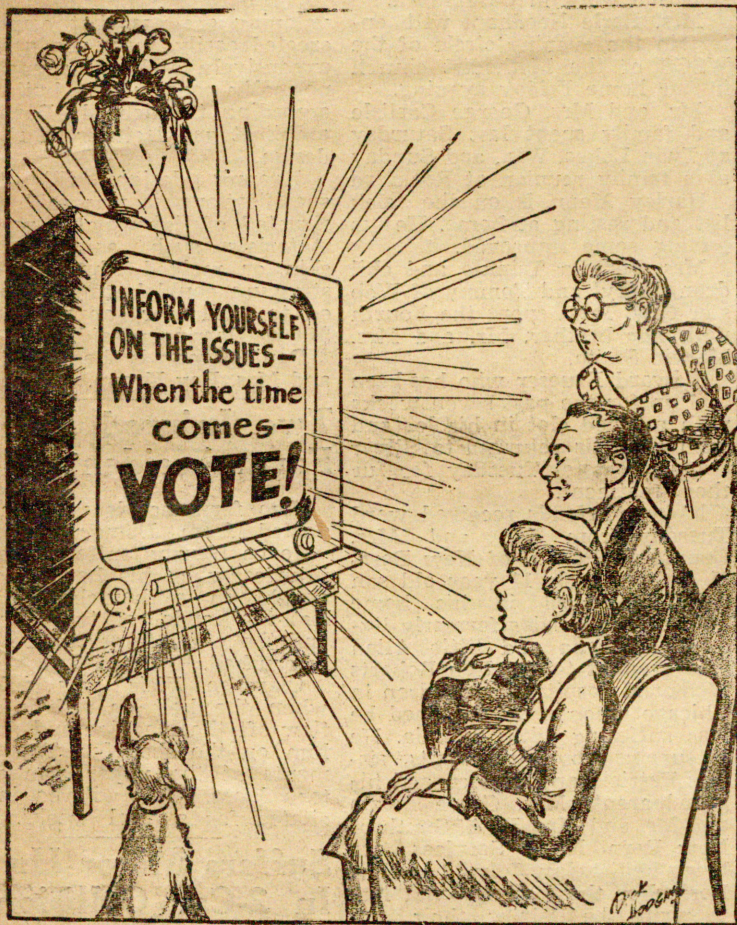

VOL. 38 NO. 48

MOKENA, WILL COUNTY, ILLINOIS

THURSDAY, JULY 12, 1956

Will Get Sewer Plans

"...PAUSE FOR SPECIAL ANNOUNCEMENT!"

Mokena Board Looks At Sites to Locate Treatment Plant

First draft of plans for the proposed Mokena Sewer system and sewage treatment plant will be submitted to the village board at a special meeting July 17 by Robert Hamilton, of Joliet, an engineer who has been hired to make a study of the needs and an estimate of the costs.

Mr. Hamilton was present at the meeting of the village board last week but it will be next Tuesday night when the plans are submitted.

The survey shows that approximately six miles of sewer mains will be required to serve the village proper.

Later a program probably will be undertaken to extend the system and it will be so constructed that it can be expanded easily.

Preliminary plans call for installation of the mains at a depth of eight feet. Excavations for the mains will run along one side of a street and a plan to balance the costs so that they will be uniform is being worked out, according to Mayor John Searth.

Members of the council are now considering several proposed sites for the sewage treatment plant.

Mokena, in common with many other communities in the metropolitan Chicago area, is growing steadily in population and the use of septic tanks in built up areas is frowned upon by state health authorities.

The state is beginning to crack down on communities that are without sewer systems and sewage disposal plants. The state sanitary water board has been appealed to by the city of Joliet to compel communities east of that city that now dump sewage into Hickory creek to install sewage treatment plants.

Joliet is building a sewage treatment plant that could serve outlying communities but the cost of building trunk line sewers, say from Frankfort, Mokena or New Lenox to connect with the Joliet plant would be too costly, it was said. Therefore, such communities will be compelled in time, it was said, to build their own plants.

Estimates of the cost of building six miles of sewer mains and a sewage disposal plant are expected to be available at the special meeting of the board next Tuesday.

Board members know there are limits as to what the village can afford to spend on the proposed improvement and are determined to keep costs at a minimum and at the same time conforming to good engineering practices and meeting the demands of the state.

Crack Down on 'Water Stealers'

Notices are being sent to Mokena water users who have meters that are in need of repair or which are not connected. Such users will be charged \$1 a month per person in the household until the meters are properly in use, village officials have ruled.

People living in the immediate neighborhood account for about 80 percent of the average service station's business.

Chicken Dinner Big Feature of Parish Festival

The annual fiesta of St. Mary's parish, Mokena, will begin tomorrow, July 13 and run until a week from Sunday, which will be July 22. The affair will be staged at old St. Mary's hall, 195th and Wolf rd.

The women of the parish have established an enviable reputation for their family style chicken dinner and the one this year will be served this Sunday, July 15. Serving will begin at noon.

Valuable prizes will be given away nightly. A Ford tudor sedan is to be given away the closing night. The second prize will be a Dormeyer Silver Chief food mixer.

Proceeds from the fiesta will be applied on the cost of the newly completed church and school.

The first mass in the new church was celebrated by the pastor, Fr. Cecil Koop, O.F.M., on Christmas Eve. The new school was opened for use last November.

A huge searchlight will serve as a beacon to guide visitors to the scene of festivities.

Will Vote on Plans Of Frankfort Church At Meeting July 22

Approval of building plans for the new Frankfort Methodist church will be one of the major items of business to be brought before the quarterly congregational meeting to be held in the church at 9:30 a.m. July 22.

The building committee will present an artist's conception of the exterior of the building as well as the floor plans.

All members of the congregation who are 18 years of age or over will have a vote.

Short term or interim financing of the building project, such as a bond issue, also will be discussed, according to the notice sent out to the membership.

All friends of the church as well as non-voting members are invited to attend the conference and voice questions if they have any.

Cracker Shooter Due to Appear in Court Monday

Timothy Noodwang, 18 years old, of Wolf rd., Mokena, is scheduled to appear before Magistrate Robert Konopak at New Lenox next Monday, July 16, on a charge of violating the Illinois Firework Act of possessing illegal type fireworks.

Noodwang was arrested last Wednesday night on Route 30 in front of Lincoln-Way high school. He chose that particular location to toss a lighted firecracker from his car. It was a bad time, for Noodwang, as a state police car was just behind him.

State Police Officer John Olt-

Will Arrest Parents Who Let Children Drive Too Young

Parents who allow small children to drive in Mokena's streets can expect to get an arrest ticket. At its meeting last week the village board acted to curb juvenile driving.

The state law—and many enforcement officials believe the limit set therein is too low—says a 15-year-old child can get a "learner's permit," and when 16 he can get a driver's license. When he has a driver's license a child can operate a car by himself but with the learner's permit he must be accompanied by an adult who has a driver's license. Incidentally the application for a driver's license by a juvenile from 16 to 18 years of age, must be signed by the father, or if the father be dead, by the mother.

But it has come to the attention of Mokena officials that youngsters under 15 are driving. This is out, the village board has ruled, nor does it make any difference if the child is accompanied by his parents or any other adult.

Ask Motorists to Yield Right-of-Way To Fire Vehicles

The Mokena fire department is asking motorists in the community to give right of way to its trucks and the vehicles known as "fire leader cars."

In communities served by volunteer departments the firemen do not ride the trucks but their own cars to reach the scene of a fire. They do not have sirens on their cars so certain of them are designated to proceed and follow the engines to block off intersections and thus give the firemen right of way.

The fire leader cars in Mokena are equipped with blue flasher lights.

Department officials complain that too many motorists disregard the rights of emergency vehicles and frequently hinder trucks and firemen enroute to a fire. They ask the public to cooperate so it will not be necessary to make arrests.

Motorists who endeavor to pass fire engines enroute to a fire, hinder their progress, follow close behind or block volunteer firemen going to a fire are subject to arrest and stiff fines, officials stated.

"If there's a tie between father and son, chances are the son is wearing it."—Ham Park.

Man and Auxiliary Officer Art Williams halted Noodwang and placed him under arrest.

Noodwang had a hatful of one and two-inch firecrackers and torpedoes in his possession, the arresting officers charged. They quoted him as saying that he had purchased the contraband goods on a recent trip to Michigan.

Under the state law cap pistols and sparklers are the only type of fireworks that one may use or have in his possession in Illinois.

Mokena Bank Plans Addition To Serve Increase in Business

Its present quarters outgrown, the Mokena State Bank will begin a remodeling and face lifting operation next week to enlarge and modernize its quarters on Front st., at a cost of approximately \$70,000.

The new addition will be erected on the west side of the present structure. The new part will be 18 feet wide and 56 feet long. There will be a basement under the entire building which will be so arranged to take care of future needs for many years to come.

The bank is a one-story building of brick and stone and when the remodeling is completed the ground floor space will be doubled.

Pink Roman brick will be used in modernizing the front of the building. Roman brick is longer and narrower than ordinary brick, has a harder surface and comes in various colors.

A Wilmington firm of contractors, Erickson and Blanchard, who built the new St. Mary's church and school in Mokena were low bidders on the job.

The entire interior will be treated with the modern touch and among the features to be added will be an envelope depository and a night depository for the greater convenience of the bank's customers.

The Mokena State bank was built in 1909. Some years ago it was remodeled and addition built on at the rear. Increases in business has caused the institution to expand beyond the capacity of its present quarters, according to Everett Cooper, cashier, and the directors decided to remodel.

Hold Funeral for Gottfried Yoss, 92, Late of Frankfort

Funeral services were held July 9 in a funeral home in Joliet for Gottfried Yoss, 92, who died at his home in Frankfort July 6. The Rev. Erich Bizer officiated. Burial was made in Pleasant Hill cemetery.

Born in Bern, Switzerland Jan

School Band Plans Concerts

Lincoln-Way high school band, under the direction of Robert Taylor, is to give a series of concerts through the summer months.

Beginning with a program tonight, the concerts will be given every other Thursday. They will be staged on the lawn in front of Lincoln-Way high school on Route 30, about two miles east of New Lenox.

Everyone is welcome, according to a spokesman for the Lincoln-Way Band Boosters.

The concerts will begin at 8 o'clock.

There are 40 members in the concert band.

There is no charge for the concert. Some people sit in their cars and listen but there are also chairs on the lawn for those who like to be closer.

Refreshments also are available, served by the Band Boosters.

While it was announced that the concerts would be staged thruout the summer, a proviso has been added. The concerts will be held if the attendance indicates that the public wants to have the programs continued. Tonight's attendance, it was said, will serve as a test.

"Glamour is that indefinable, indescribable something that girls with big sweaters have."—Bill Peer.

uary 20, 1864, he immigrated to this country in 1884. He farmed in the Manhattan and Frankfort area for the past 32 years, retiring in 1939.

Surviving are four daughters, Miss Elizabeth Yoss, Frankfort; Mrs. Frieda Krohn, New Lenox; Mrs. Linda Voss, Joliet; Mrs. Hilda Bruggeman, Glenwood; 2 sons, Walter C. and Louis G. Frankfort; six grandchildren and nine great grandchildren.

The remarkable increase in wages and better living in the

last two decades can be largely attributed to new inventions: large capital investment, labor-saving machinery, research, wiser management and greater productivity.

Patrick Michael, the 5 weeks old son of Mr. and Mrs. Donald Helenhouse was baptized Sunday, July 5 at 4 o'clock in St. Mary's Catholic church, with Father Cecil Coop officiating. The sponsors were Mr. and Mrs. Kenneth Johnson of Elmhurst. Following the service a christening dinner was held in the Valley View restaurant. Other guests beside the sponsors were Fr. Coop, Mr. and Mrs. Herman Schults of Blue Island, the baby's great grandparents; his grandmother, Mrs. Alfred Heiser, New Lenox, and Mr. and Mrs. Everett Smith of Joliet and his brother, Paul Helenhouse.

Mrs. George B. Hunter of Johnstown, Pa. is visiting in the home of her daughter, Mr. and Mrs. George Bills. She will care for the Bill's children while their parents are away for two weeks. Mr. Bills, who is a member of the army reserve, will be on active duty at Ft. Bragg, N. C.

Robert Bills celebrated his 6th birthday recently when his mother entertained at a weiner roast at the Mokena Community park. Guests were Darrell Sherwood, Millie Loftus, Jimmy Chisholm, Steve Howes, Joe Manker, Bill Zemeske, Charles and David Bills, Nadia Zemeske and Mrs. Albert Zemeske.

The Women's guild of St. John's church will meet July 19 in the church at 2 pm. Mrs. Owen Maue will be in charge of the devotions. The study topic will be "Committed to serve the church willingly and to give generously," given by Mrs. Edwin Yunker. A movie will be shown entitled "The Women's Guild at Work." Hostesses will be Mrs. Edna Young, chairman, assisted by the Mesdames Elmer Benson, Andrew Capple, Fred Capple, Jessie Koeller, Louis Lauffer, Ervin Manzke, Ernest McMahon, Fred Rauch and Paul Rauch.

Mr. and Mrs. Phillip Hacker and daughter Phyllis returned Sunday from spending a week at their cottage at Bass Lake, Ind.

Mrs. Walter Spiewak underwent surgery in Silver Cross hospital Monday for removal of kidney stones.

Mr. and Mrs. George Rinke

entertained 10 girls last Thursday evening in their home in honor of their daughter Carolyn and her 13th birthday. A scavenger hunt was followed by a weiner roast and games. The party ended with a slumber party.

Mrs. Arthur Shoop, daughter Sue Ann and sons Bruce and Mr. and Mrs. Steward Shoop left Friday on a motor trip to Colorado.

Mrs. Dean Troxel and daughter Linda are spending three weeks with her parents and other relatives at Tacoma, Wash. and vicinity.

Mrs. Ethel Devlin of Montebello, Calif. arrived by plane last Friday to spend a week with her son, Mr. and Mrs. George Devlin and family. She will leave this weekend to visit another son, Bill who is in construction work in Casablanca.

Mrs. Berle Needham will entertain the evening circle of the WSCS of the Methodist church in her home Friday evening.

Mr. and Mrs. George Carlisle and family spent last Saturday at Twin Lakes, Wis., and Sunday at a family reunion at Rockford. Harley Mann is on the sick list and resting at home. He is feeling some improved.

Mrs. Juanita Trinkle and children Cheryl and Tommy of Webster City, Iowa spent the Fourth with her brother, Mr. and Mrs. Marvin Smith.

Edward Brueser who has been laid up for the past seven weeks with a blood clot in his leg and with arthritis returned to Silver Cross hospital Tuesday for further treatment.

Mokena friends received word Tuesday from Mr. and Mrs. George P. Polzin, of New Bern, N. C. that their 11 year old son Allen Paul died in his home July 4. The Polzins formerly lived in Mokena and little Allen was brought to the Bob Roberts Memorial hospital for children in Chicago when it was learned he was suffering with leukemia. He is survived by his parents, sisters Patricia and Suellen and his grandparents Mrs. Grace Polzin and Mr. and Mrs. H. A. Smith of New Bern, N. C. Services are being held today, July 12 in New Bern. For those who would like to write the Polzins, their address is 1737 Elmwood Drive.

Mr. and Mrs. Thomas Everhart of 2005 Scott st. moved last week to Lansing, Mich. where he was transferred by his business firm.

Mr. and Mrs. Fred Lehmann, daughter Betty and son Donald, are enjoying a several weeks motor trip to the west. Enroute they went to Texas where they visited the Alamo in San Antonio, Carlsbad caverns in New Mexico, El Paso and Juarez in old Mexico. They spent some time with her brothers Leslie and Robert River in Los Angeles and Oakland, the childhood home of Mrs. Lehmann. Enroute back, they plan to visit the Big trees, Salt Lake and Yellowstone park. Mr. Lehmann intends to visit a Lions club meeting in Oakland. So far they have travelled some 3300 miles, the children are happy and the weather has been grand and the car is behaving in fine fashion.

The committee members who were appointed at the Cooper reunion last year to plan for this year's gathering is composed of Mokena people. They met last Thursday evening in the home of Mrs. Hugo Niethammer, chairman, to plan for the occasion. Present were Harwood Stell wagon, co-chairman, Mrs. Ray Knieriem, secretary, Charles Cooper, treasurer; Ray Knieriem, Mrs. Charles Cooper, Mr. and Mrs. Everett Cooper, Mr. and Mrs. Lester Savers and Mr. and Mrs. Harold Cooper.

Folded Paper Inspires Design For Shelter

David Kropp, of Mokena, a student at the Illinois Institute of Technology, Chicago, has designed an unique shelter—inspired by a piece of folded paper—that could be used as it is for camp activity or a roadside food stand and with screening or glass in the triangular openings it could be made to serve as a summer cottage.

The experimental structure, with walls and roof that are one, rests gracefully on the points of 14 triangles that form its roof-walls. It was designed and built as part of a shelter design class project.

The class was interested in developing shelters that could be erected easily, mass produced in expensively and as sound as normally constructed buildings, according to Richard Baringer, architect and lecturer in shelter design.

Kropp's design fills these specifications, it was said. Constructed of lightweight modern materials such as aluminum skin or molded fibreglass the structure could be mass produced to sell for approximately \$1,000, Baringer said.

David Kropp is the son of Mr. and Mrs. Roy Kropp.

Two Injured In Farm Accident

Two farm accidents were reported from Homer township. Joyce Purdy suffered severe injuries when his hand became caught in a hay-chopper. He lost the ends of two fingers and the other fingers were badly crushed.

Clarence Weis was injured when the belt on a hay baler flew off the machine and struck him on the shoulder. The ligaments of the upper arm were torn loose. Weis will be incapacitated for several weeks.

Suffers Minor Hurts In 2-Car Collision

Wesley F. Nelson, 21, 195th and Wolf rd., Mokena suffered a 9-stitch cut on his forehead early Friday morning as a result of a two car collision on Mills rd. at Burger ave., near Joliet. An injury to his right knee also was reported.

Earl Feltz, Rt. 3, Lockport, apparently was unhurt but a passenger in his car, George H. Owens, 23, of 717 Buell ave., Joliet, suffered an injury to his left hip. Neither Nelson nor Owens was hospitalized.

Deputy Sheriffs Charles Hahn and Sherman Davis who covered the accident were told that Feltz was traveling east on Mills road and was making a left turn onto Burger ave., when his car was struck from the rear by the auto driven by Nelson.

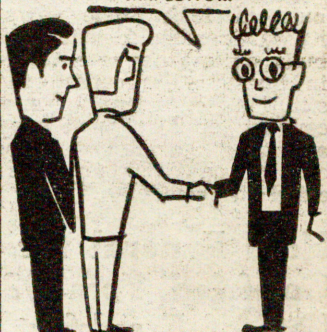

IMPOSSIBLE?

A group of foreign manufacturers being shown an American plant saw a machine that took a piece of steel and in one operation stamped, punched and shaped it into a finished product. After they had watched it for a while, an apparently bitter argument broke out, with much arm waving and finger shaking.

The guide asked the interpreter accompanying the party what the shouting was all about. "Some of them," said the interpreter, "insist that it can't be done!"

SIGNS OF THE TIMES—In an ice-cream parlor: "Teenage spoken here!" ... In an office: "Be sure your brain is in gear before engaging your mouth!"

Chamber of Commerce Urges Early Reply to Questionnaires

Advertising, town planning, recreational activities, sewage and sanitation were discussed by members of the Tinley Park Chamber of Commerce at their meeting last Monday.

A film depicting how towns can deteriorate into slums when homeowners are disinterested in preserving appearances of homes and lethargic administrations are delinquent in preserving streets and enforcing the law, was viewed by the group.

Harry Trevarthen, executive secretary, discussed with businessmen their preference as to the type and number of insertions they prefer in group advertising, using the two-page advertisement in last week's issue of The Tinley Park Times as a criterion.

Survey

The deadline on returns mailed by Trevarthen to residents asking pertinent questions which will be helpful to prospective businesses wishing to locate in the village, is July 28. He would like those citizens who have not as yet returned them to do so as soon as possible so that an accounting of the survey can

be made.

Some residents of the community may not have received these questionnaires. Copies are available at the Tinley Park Post Office along with a self addressed stamped envelope. It is not necessary for anyone to sign his name. This survey is a part of the program of the Chamber of Commerce to gather information is important to industries seeking a location in the Tinley Park Industrial District.

As he receives letters from individuals in neighboring communities and several other states, the secretary requested a brochure be drawn up listing vital statistics regarding schools, businesses, industry, and recreational activities. He has been replying to these inquiries from individuals considering locating in Tinley Park by writing letters and enclosing a copy of a brochure prepared by the local industrial area, which he feels is inadequate.

The Tinley Park Chamber of Commerce, of which Harry Dean is president, as a total of 89 members.

THE BEDROCK

Our forefathers came to this New World seeking a refuge from political, religious and economic persecution. Having found that refuge, they wrote into a Declaration of Independence, a Constitution and a Bill of Rights, statements of human principles in terms and content unmatched before or since by the brain or pen of man.

Those principles are the bedrock foundations of our strong and rich America today. They are what have made our country the freest of all nations, the most prosperous and strongest economically, and the most powerful on the face of the globe.

When all is said and done, too many people keep on saying and not doing.

Let us have faith that right makes might, and in that faith let us, to the end, dare to do our duty as we understand it.—Abraham Lincoln.

Man has invented a waxed paper raincoat, to be sold in vending machines, which you wear in a sudden shower, then toss away if you wish.

We Americans eat an average of 65 million pounds of meat every day—enough to fill 2,500 railroad refrigerator cars.

Tips on Touring

By Carol Lane

Women's Travel Authority

"Meet 'em half way." That's a secret of success in business—and it can also lead to a successful "travel reunion." Here's how it works: Let's say you live in the East and have friends in San Francisco you haven't seen for years. Plan your travel reunion for Colorado Springs—a good "half way" spot. By driving three to four hundred miles a day, you should reach your destination within a day of each other. Rent motel cabins side

by side, and have a wonderful time catching up on the years.

Again, if you live in Los Angeles and want a travel get-together with friends from Chicago, Colorado would be a good meeting spot. The entire family will enjoy sight-seeing along the way, and there's the happy reunion at journey's end.

The "travel reunion" is a good idea for former neighbors who are now hundreds of miles apart. Two families I know pick an interesting place between them twice a year, drive there in time to rent inexpensive cabins next door to each other, and enjoy each other's company. Many families use an annual special event to bring them together. For example, there are rodeos in the West, outdoor music concerts in the Berkshires, and summer theatres in many sections of the country.

So get in touch with some far-away friends now, and plan a "travel reunion." It'll be fun, and neither family gets stuck with having to play host (and, for that matter, guest).

And now there's a new alarm clock that is shut off by a touch on any part of its surface.

Kindness is the oil that takes the friction out of life.

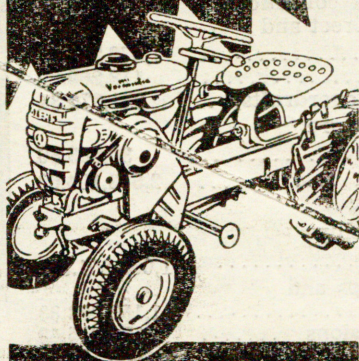

"We believe in individual freedom and free choice so long as the exercise of that freedom and of choice does not infringe upon another's equal freedom." —NAM President Cola G. Parker.

"It's a shame that colleges don't teach everything that some of the graduates think they know!" —Neal O'Hara.

Escape Serious Hurt In 2-Car Collision

Mr. and Mrs. Robert Hohenstein of Mokena and daughters and a couple of the latter's friends motored to Beecher July 4 to visit Mr. and Mrs. Harold Schuldt.

During the afternoon their daughters Marilyn and Carol with Marilyn driving, accompanied by Barbara and Ronnie Daugherty, L. O. R. Nieman, Wayne Lauffer went for a little drive, taking a gravel country road. When they came to an intersection they figured in a collision with a car driven by Henry Wolf of Monee. The latter was accompanied by his wife.

The Hohenstein car was wrecked and the Wolf car was damaged on the front. Fortunately no one was seriously hurt, the girls in the car being bruised and a few cuts sustained.

Wayfarers Hold Annual Picnic

The annual picnic of the Wayfarers was held July 8, in the Mokena Community park.

Approximately 55 Wayfarers and families gathered at noon for a picnic dinner. Games and prizes were under the supervision of Mrs. Clarence Gerrig.

Mr. and Mrs. Darrell Manhart and family of Wisconsin were visitors at the event.

BIRTHS

Mr. and Mrs. S. W. Carlson of 6514 W. 171st Street announce the birth of Kimberly, born June 25 at Lying-In hospital, weighing six pounds 15 ounces. At home to welcome the new baby are two sisters, Lynne, age seven and Christine, age 5. Grandmother, Mrs. B. R. Russell of Salt Lake City, Utah is here to assist in the household duties.

PROTECTING TREES

Gnawing by rabbits is the ruination of many newly planted trees. The state's "Plant Illinois" Committee says that this destruction can be eliminated either by binding the small tree trunk with tree wrap or by painting with a solution of six parts resin to one part linseed oil.

1956 OUTLOOK FOR EDUCATIONAL GIFTS IS \$500,000,000

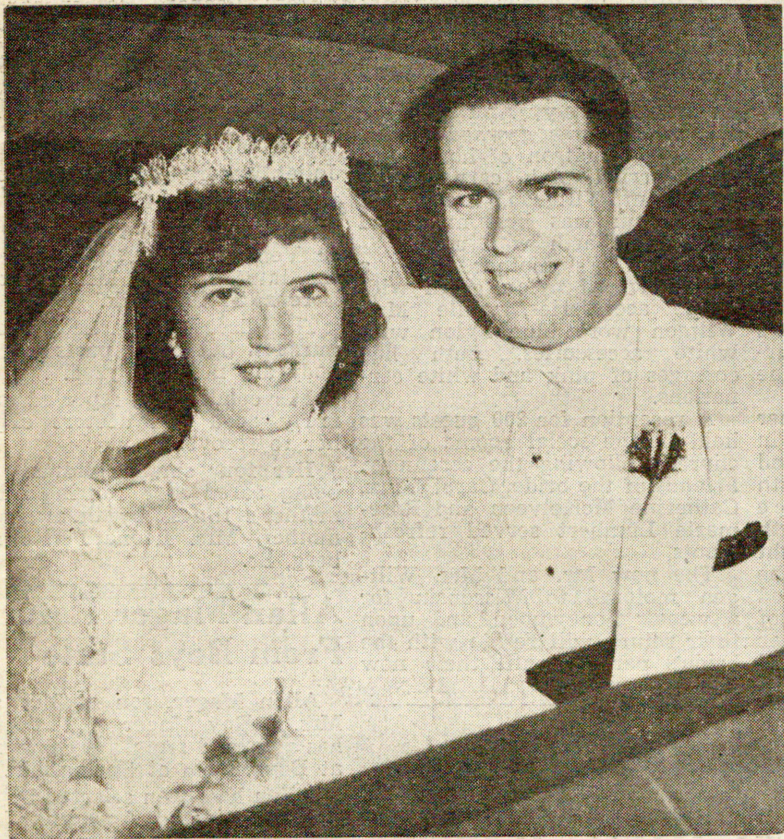

Carl A. Kersting

NEW YORK—Giving to higher education should reach an all time high in 1956, if the pace of contributions during the first four months of the year is maintained according to Carl A. Kersting, newly elected president of the American Association of Fund-Raising Counsel. The total of such giving should exceed \$500,000,000.

Completed reports of giving to education in 1955, and 1956 gifts already announced indicate the total giving to higher education this year may reasonably be expected to increase from 20 to 25 percent above the previous year.

The American Association of Fund-Raising Counsel is a non-profit organization of firms engaged in fund-raising for philanthropic, religious, educational, health and character-building agencies which are supported by voluntary giving. In the past twenty-one years, members of this Association have aided in raising nearly \$7,500,000,000 for gift-supported organizations.

Jean Audrey Bettenhausen and William T. Bradley, Jr. are Wed

At a lovely church wedding Saturday, June 16 Miss Jean Audrey Bettenhausen of Mokena became the bride of William Thomas Bradley Jr. The double ring ceremony was read by the Rev. Dale Kleinschmidt in the Mokena Methodist church at 4 o'clock.

The chancel was decorated with palms, baskets of white and pink peonies, and two candleabras.

The bride is the daughter of Mr. and Mrs. John G. Bettenhausen and the groom is the son of Mr. and Mrs. William Thomas Bradley Sr., all of Mokena.

Miss Janice Johnson presided at the organ, playing selections as the guests were being seated. She also accompanied Miss Carol Larson when she sang, "Always", "Because" and "The Lord's Prayer."

Escorted by her father, the bride wore a becoming gown of Chantilly lace over tiers of nylon with a full fashioned skirt with ruffles of tulle. The fitted waist was fashioned with a standup collar of lace and finger length sleeves. Seed pearls and sequins were scattered over the skirt and waist. Her finger tip veil was caught with a tiara made of pearls. She carried a prayer book with a white orchid on it with streamers. For jewelry she wore pearl drop earrings, the gift of the groom.

Miss Marilyn Cooper was maid of honor who wore a pink nylon dress fashioned with a round neck line, cap sleeves, full skirt with flocked hearts and a wide white sash and a pink picture hat. The bridesmaids wore gowns identical to that of the maid of honor, Miss Beverly Lauffer, in aqua; Miss Barbara Daugherty, in yellow and Miss Diane Hochberger in blue. Each carried a nosegay of carnations matching the color of their gown and had a string of pearls and pearl earrings, the gift of the bride.

Cynthia Jean Mason was flower girl and wore an orchid nylon dress with flocked dots, a full skirt with a round neck and cap sleeves and a pink sash. She carried a white basket of flower petals.

Delmar Steacker carried the rings on a heart-shaped pillow.

Martin Medema was best man and Lyman Teague, Ronald Daugherty and Elmer Dull served as ushers. The men of the wedding party wore summer tuxedos.

The bride's mother was gowned in gray print with beige accessories. The groom's mother wore a navy blue dress with pink accessories. Both had corsages of pink roses. A special guest was the bride's grandmother, Mrs. Anna Bettenhausen.

A wedding dinner was served to 135 guests, immediately following the ceremony for the bridal party, the family and relatives. Serving were Jo Wennlund, Sharon Moede, Sharon Hutchinson, Barbara Nieman and Yvonne Piepenbrink.

A reception was held in the evening in the VFW hall where

550 persons gathered to wish the young couple well. The hall was decorated with the bridal colors as well as the serving table, which also was centered with a miniature bridal party.

Mrs. Harold Ambuehl was in charge of the guest book, Mrs. Alvin Kohl, the wedding cake and the bridal party members assisted the bride and groom in opening the gifts. Guests came from Aurora, Rockford, Minnesota, Indiana, Tinley Park, and Forest Park.

The new Mr. and Mrs. Bradley left for a motor trip to Springfield and other points of interest. They have gone to housekeeping in an apartment at 8 North Mokena st., Mokena.

The bride was graduated from the Lincoln-Way high school in June, and the groom is employed by the Rock Island railroad at the Hamilton Park offices.

Carole Tabbert Is Married to W. A. Robison

Miss Carole A. Tabbert, daughter of Mr. and Mrs. John Tabbert of Laguna Woods, a lovely new subdivision east of Orland Park, was united in marriage Saturday evening, June 26, with William A. Robison, Jr., of Justus Park. The wedding took place at 8 o'clock in the chapel of St. John the Divine Evan. Lutheran church at 105th and Oakley in Beverly Hills. The pastor, the Rev. Roger L. Sommers officiated.

The bride was lovely in a lace gown over taffeta with a finger tip veil. The veil was the "something borrowed", it having been worn by the bride's aunt, Mrs. William Glawe at her wedding 21 years ago.

The maid of honor was Miss Sandra Glawe of Blue Island, who was attired in a blue gown. Warren Cvrus of West Virginia was best man.

Following the ceremony a reception was held on the spacious lawn of the bride's parents home where about 100 relatives and friends were present.

The lawn was gaily decorated with many Japanese lanterns. Music through out the evening added to the festivities. The couple enjoyed a honeymoon trip to Lake Geneva.

They will make their home in California where the groom is to be transferred by his business firm.

Coming Events

July 13 to 22 inclusive annual carnival given by St. Mary's Catholic church, Mokena.

Sat. July 14—Card party VFW hall, Mokena 8:30 pm. by Auxiliary to William Martin VFW post.

July 29—Cooper family reunion at Lester Sayers home, 159th and Wolf rd.

Virgil Butler, Former Orland Resident, Wed

Miss Marilyn Sue Whiteside, daughter of Mr. and Mrs. Cecil Whiteside of Airport road, Milan became the bride of Virgil A. Butler, son of Mr. and Mrs. Richard Farr, of Orland Park Sunday, June 17th.

The single ring ceremony was performed by Rev. John Genn in the Wesley Methodist church in Moline. The altar was decorated with vases of white stock and white candles. Mrs. Marcella Salems was organist and accompanied Mrs. Frederic Whiteside who sang "Because" and "I Love Thee."

The bride, given in marriage by her father, wore a white silk shantung ballerina length dress, fashioned on princess style with shirred elbow length sleeves, scoop neckline with nylon lace trim. Her shoulder length veil was fastened to a pearl tiara and she wore a string of pearls. She carried a white Bible with a white orchid.

Miss Jo Ann Hubert of Gillespie was the bride's attendant. She wore a yellow crystalette ballerina length dress, princess style with a square neckline. Her colonial bouquet of white carnations was tied with a wedgewood blue bow.

Robert Town of Orland Park was best man and Frederic Whiteside, brother of the bride and Richard Farr, brother of the groom, were ushers. All wore grey suits.

A reception in the home of the bride's parents followed the ceremony.

Mrs. Butler is a graduate of Rock Island Senior High school and I. S. N. U. She has taught Home Economics in Lexington the past year.

Mr. Butler is a graduate of Orland Park high school, attended Blackburn College and received his B. S. and M. S. degrees at Illinois university. He has been the vocational agriculture teacher in the Heyworth Community High school the past two years.

The new home will be made north east of Heyworth in a house recently purchased and being remodeled by the couple.

One Navy tractor in the Antarctic can pull 40 tons of freight loaded on special sleds.

William McBurneys Hosts at Family Reunion Over 4th

A family gathering of 35 relatives and friends from Chicago, Beverly, South Carolina and California was held at the home of Mr. and Mrs. William McBurney, 17845 Ridgeland ave., July 4.

Among the guests were Mrs. McBurney's two sisters; Mrs. Gwen Flezig and family of Beverly; Mrs. LaVerne Trembley and family, of Greenville, So. Carolina; and her uncle, Fred Wanquist of Los Angeles, Calif.

Mr. and Mrs. Edwin Hug and sons Jerry and Roger of Tinley Park were also present.

The weather put a damper on outside activities, but a pleasant reunion was enjoyed and a buffet supper served.

Margie Schwartz Honored at Shower

Miss Margie Schwartz was honored at a surprise bridal shower June 24 given by Miss Beverly Blount at her home, 6601 Hubbard Lane. Miss Janet Kitchen was co-hostess. Twenty-five guests, friends of the bride enjoyed watching Margie open the lovely gifts, which were beautifully wrapped. Margie will become the bride of James Bell of Tinley Park August 5.

Tinley Garden Club to Meet Thursday

Thursday, July 19, the next meeting of the Tinley Park Garden club will be held at the home of Mrs. Herbert Moss with Mrs. Edmund Moss as hostess for the 2:30 desert luncheon.

Program of the afternoon will be presented by Mrs. R. J. Hug who will give a brief history of the Wayside Garden club. Games are also planned as a part of the afternoon's enjoyment.

Feted at Two Bridal Showers

Several lovely showers have been given for Miss Jean Reder, the first of which was in Tinley Park with Mrs. H. B. Nolte as hostess. 22 guests, friends of the bride gathered at the Nolte home and dainty refreshment were served. Another party was given for Jean by Mrs. William Wiltgen at her home in Oak Forest for relatives of the bridal couple. Both were miscellaneous showers. Jean became the bride of Robert Wiltgen on June 30 at the Methodist church.

Most fires in grain fields start from exhaust sparks, fuel that leaked or spilled on heated engines or careless handling of matches and lighted cigarettes.

Tinley Methodist Church Scene Of Reder-Wiltgen Nuptials

Miss Jean Arlene Reder, daughter of Mr. and Mrs. Alvin Reder, 17737 Highland ave., Tinley Park and Robert Eugene Wiltgen, son of Mr. and Mrs. William Wiltgen of Oak Forest, were united in marriage in the Tinley Park Methodist church June 30 at 4 o'clock in the afternoon.

The Rev. Glenn Ames officiated at the double ring ceremony, before an altar decorated with baskets of pink roses.

"I Love You Truly", "Oh Promise Me" and the "Lord's Prayer" were sung by Mrs. Irma Schmidt, accompanied at the organ by Walter Wehr.

Given in marriage by her father, the bride was lovely in a gown of white nylon net and tulle over a satin skirt, with the bodice fashioned in lace over satin. Her shoulder-length veil, edged in lace, was caught by a small Juliette cap. She carried a white bible, centered with an orchid with a lily of the valley shower. She wore her grandmother's diamond and pearl lavalere.

Matron of honor was Mrs. Jacob Bronkema. Her floor-length gown was of blue crystal over taffeta. She carried a cascade of pink carnations. Miss Shirley Ann Bilskey, bridesmaid, was gowned identical as the matron of honor and also carried pink carnations.

William Wiltgen, brother of the groom was best man, and Fred Breitbarth was usher.

The bride's mother chose a pink-flowered nylon gown with white accessories, while Mrs. Wiltgen wore blue nylon with white accessories. Both had corsages of pink and white carnations.

A reception for 200 guests was held in the social rooms of the church following the ceremony. Friends of the bride, Carol Laux, Catherine McKelven and Rosemarie Lambert served refreshments.

The new Mr. and Mrs. Wiltgen motored to Wisconsin for a week's honeymoon, and upon their return will reside with the bride's parents until their new home is ready.

Tinley Mother Victim of Polio

Mrs. Leonard Rothenberg, Jr., 32, (affectionately known as "Snickie"), who lives at 182nd st. and Harlem ave., became ill in her home June 27. She was taken to Silver Cross hospital, Joliet, where doctors diagnosed the illness as bulbar polio.

Mrs. Rothenberg is the former Velma Lorenz, daughter of the late Mr. and Mrs. George Lorenz, Tinley Park.

The disease attacked throat muscles, but other parts of the body are not paralyzed.

Her condition is reported to be fairly good and doctors expect her to recover.

Her four small children are being cared for during their mother's illness by their grandmother, Mrs. Leonard Rothenberg, Sr.

Allan Mager Returns From Boys State

Allan Mager, son of Mr. and Mrs. LeRoy Mager of Frankfort has returned from a week's stay at Boys State at Springfield.

Allan had been selected by the Bobzin-Swinford American Legion post at Frankfort as their representative at Boy's state. He reports having thoroughly enjoyed every minute spent there where 1400 boys were in attendance. The boys came from 10 Illinois counties.

Each boy was chosen to serve some specific part equivalent of political life. Allan served in the civil service and was elected treasurer of his county and of the recreation program. Games of volley ball, tennis and baseball were played.

During the week the groups toured interesting places in Springfield, such as the state buildings, Lincoln's home and monument.

No Bidders--So Mokena School Sale Was Called Off

Everything was in readiness last Saturday for the sale of three lots comprising the old Mokena school site on Front st. at School rd.—except for one thing—bidders!

County Supt. Verne E. Crackel who as such is secretary of the county board of school trustees conducts such sales, said he has never encountered a similar situation. Whenever school property has been offered for sale there has always been someone who wanted it, he said, but no interest was shown in the Mokena site.

The school board had set a minimum price of \$1,700 for each lot or \$5,000 for the tract in one piece.

Supt. Crackel said that new terms of sale will be set up and another date set for the disposal of the tract.

At one time a 2-story school occupied the site. When the present school was built on Second st. the 2-story school was removed. At a recent election at which the Mokena voters approved a bond issue for a new school they also authorized sale of the Front street-school road site.

Home Ec. Teacher Studies Finance at U. of I. Workshop

Mrs. Hilda Geuther, home economics teacher, Carl Sandburg high school, is among 40 selected high school teachers of the state at the University of Illinois in a month long workshop for education in family finance. University and visiting specialists are helping the teachers study the role of American families in the nation's economic system. The workshop first of its kind to be held in Illinois is presented jointly by the university's college of education and college of commerce as part of a national program sponsored by the Institute of Life Insurance.

Mrs. Geuther lives at 191st st. and LaGrange road, Mokena.

Farm Safety Week is July 22-28, 1956.

June Hood and George Liddle Exchange Vows at Home Wedding

June Hood, daughter of Mr. and Mrs. C. H. Hood, 17809 67th Ct., became the bride of George Liddle of Posen, on June 22nd at 7:30 p.m. The vows were exchanged before the flower and candle bedecked fireplace in the home of Mrs. June Geyer of Tinley Park, an aunt of the bride. The double ring ceremony was performed by the Rev. Glenn Siler.

The bride wore a street length gown of white lace with three quarter length sleeves and scoop neck, and a tiara headpiece with shoulder length veil. She carried a bouquet of white gladioli and lilies of the valley.

The matron of honor, Mrs. Joanne Milken, sister of the

bride, wore a street length gown of yellow net and carried salmon colored gladioli.

Donald Milken, brother-in-law of the bride, served as best man. The bride's mother wore an attractive dress of blue linen with white accessories and corsage, and the mother of the groom wore light brown with white accessories and a pink corsage.

Following the ceremony, a buffet lunch was served at the Geyer residence, featuring a three-tiered wedding cake.

After the honeymoon the newlyweds will make their home in Posen. The bride is employed by the Rock Island R.R. and the groom by the South Suburban Welding Co., Blue Island.

Mokena Board Acts To Keep Dust Down

A happy note has been struck for housewives by Mokena officials. A coat of oil to keep down the dust has been ordered for Front st., west of Wolf road; Center st., between McGovney and LaPorte roads, and Revere road from Wolf road east.

Tinley Personals

Frank Zohrer of 167th and Brennan highway, who has been a patient in the Illinois Masonic hospital in Chicago for the past three weeks is now receiving medication after a period of observation and is hopeful of being home within a week.

The Jos. Farquhars had as weekend guests, Mrs. Aimee Taylor and son Gerald of Grant'sburg, and Mr. and Mrs. Clyde Pankey and daughter Connie of Carrier Mills.

Mr. and Mrs. Ernest C. Yepsen Jr. were feted at an open house Sunday given by her parents, Mr. and Mrs. George Gifford of Genoa City, Wis., in honor of their 25th wedding anniversary. They received many lovely gifts of silver.

Mr. and Mrs. Harry Cloud recently had as their house guest M/Sgt. and Mrs. Leonard Walter and two sons of Tucson, Ariz. Sgt. Walter, who is a nephew of Mrs. Cloud, will be stationed in England for the next three years, and will be accompanied by his family.

Mrs. A. R. Bright of Sayre ave. is convalescing at home following major surgery at Silver Cross hospital June 23.

The Chas. H. McCutcheon family spent a week visiting friends and relatives in southern Illinois, Iowa and Nebraska. A few days after returning home their daughter, Barbara, was taken to Hazelcrest hospital for an emergency appendectomy. She is progressing quite satisfactorily.

Robert Marshall is undergoing treatment at Billings Memorial hospital where he has been confined for several weeks.

The Leroy Baumans have just returned from a three weeks vacation, touring Florida. They visited Mrs. Bauman's sister in Jacksonville for several days.

Mr. and Mrs. Kenneth Triem and Ellen Claire spent three weeks vacation in the Southwest. They visited the Twin Butte Indian Mission at Gallup, New Mexico where friends are stationed as missionaries, and greatly enjoyed attending church with the Indians. They went thru the beautiful Salt River canyon and spent a day shopping at Nogales, Mexico in addition to visiting Phoenix. The Al Matson family of Crete, motored with the Triems but in their own car.

Miss Rose Augustine of Chicago was a weekend guest at the Dallas Webster home. Last Wednesday the Websters motored to Lake Geneva, Wis. and visited the Youth Camp at Conference Point.

Saturday evening guests at the Charles Schara home were Mrs. Loretta Tortorello and daughters, Mrs. Dorothy Wishner and Brenda and Thomas Ryan all of Chicago.

Mr. and Mrs. Fred Nitsche returned from a trip to the east, where they visited New York City, Washington, D. C., Atlantic City, Richmond, Va. and Philadelphia, Penn.

Recent dinner guests of the Norman Bettenhausens were Mr. and Mrs. Glen Drechsel of Midlothian.

Guests the past week at the John Wojciechowski home were Mr. and Mrs. Robert Scott of Alhambra, North Carolina. The two men became acquainted while serving in the Armed Forces in France, and have renewed their friendship.

Mrs. Hal Kent who was a medical patient at Silver Cross hospital for a week, returned home Saturday.

Mr. and Mrs. Walter Fierke and family returned from a ten day vacation spent sight seeing in Wisconsin and Minnesota.

Mr. and Mrs. Nicholas Schuler celebrated their wedding anniversary by going out to dinner and attending the stock car races.

Mr. and Mrs. Charles Korenic Jr. of Chicago and Mrs. Teresa Viola of Brookfield, Fla. spent the 4th of July with Mr. and Mrs. Charles Korenic, Jr. 6627 Riverside dr.

Mr. and Mrs. Alvin Jones, 661 Maple Lane, entertained relatives and friends from Chicago on the 4th of July at an outdoor barbecue.

Mr. and Mrs. Charles Bickel, r. of Arcola, Ill. were houseguests in the home of their brother and sister in law, Mr. and Mrs. Floyd Bickel, 6649 Maple ave. dr. last weekend.

Reformed Church To Hold First Service July 15

The Reformed Church in America will begin holding services July 15 in the Tinley Park Village hall. Robert Nykamp, the student pastor, will preach on the topic, "The Body of Christ," at the 10:00 am. service, and "Children of the King" at the 7 pm. service. Sunday School sessions will begin at 11:15 am. with classes for all ages, including pre-school children through adults.

The instructors in the Sunday school will be Mrs. Peter Boer, 17304 69th ave., Mr. John Alsterda, 17220 Oleander Dr., Mr. and Mrs. Leroy Dudman, 18106 Sayre ave., and Mr. Nykamp, 1030 Sterling Dr., Flossmoor.

Since this church is being established in Tinley Park, all individuals in the area are cordially invited to attend any of the worship services, and the Sunday school sessions.

1st National Senior Girl Scout Meet Now in Progress

The National Senior Girl Scout Roundup started Thursday June 28, at Milford, Michigan. The Roundup is a primitive camp for Senior Girl Scouts from the United States and representatives from twenty six foreign countries. This is the first national Girl Scout undertaking that Scouts from this country have ever attempted. There are 4800 girls and about 300 leaders including adults who are specialists in various lines. The girls were picked last year and they have been training for this twelve day camping trip since then.

Eight girls from Cook County were chosen to represent the South Cook County Council at the Roundup.

Mrs. Joseph R. Lex, Senior Scout leader of Park Forest Troop No. 435 and adult advisor to the Senior Planning Board, was chosen as one of fifteen dramatic counsellors from all over the United States to serve at the Roundup. This was not only a great honor to Mrs. Lex but also to the South Cook County Girl Scout Council. Mrs. Lex will help the 320 girls in the camp with dramatics, dancing and singing. She also helped with the Fourth of July pageant.

Former N. Dakota FFA Leader Makes Home in Tinley

Neil Bettenhausen, son of Oliver Bettenhausen of Wishek, N. Dak., has arrived in Tinley to make his home. He is living with the Claude Smith family and is employed at Buda Co. at Harvey.

Neil is a member of the Future Farmers of America and last year was a delegate from North Dakota to the national FFA convention. He was president of the Wishek FFA chapter and attended the state convention in Fargo, N. D. before coming to Tinley.

HOME ON LEAVE

Robert Bacon, son of Mr. and Mrs. Leon Bacon, 172nd and Highland ave., an SP3 in the United States Army, is home on a 15 day leave.

Labor union tie-up may boomerang on the Democrats during the 1956 campaign. Some conservative Democrats cite the late Senator Taft's big victory in 1950. Others say union success in 'purging' conservatives in Democratic primaries will drive votes to Republican opponents.

The eternal triangle: income, overhead and upkeep!

Girl Scouts Have Holiday at Dunes

Girl Scout Troop 225, leader, Mrs. Helen Funk and co-leader, Robert Funk, spent July 2 at the Indiana Dunes State Park. At noon the troop went to the picnic grounds and roasted hot dogs. Milk, ice tea, lemonade and fruit were furnished by the girls who also enjoyed several hours of "riding the waves."

NOTICE

Notice is hereby given that the applicants listed below have applied to Orville E. Hodge, Auditor of Public Accounts, State of Illinois, for permission to organize a State-chartered savings and loan association to be located in the Village of Tinley Park, Illinois.

A hearing will be held on the application at ten o'clock in the forenoon on August 3 A. D. 1956, in Room 707, 188 West Randolph Street, Chicago, Illinois, if written notice of intention to appear in person or by attorney to protest the application is received by the Auditor of Public Accounts from one or more persons at least ten days before that date. If no such notice has been received by the Auditor of Public Accounts at least 10 days before said date, the hearing will be dispensed with unless otherwise ordered by the said Auditor of Public Accounts.

Junior Woman's Clubs List Activities for Year; Will Expand

The first meeting of the board of the Third District Juniors of the I.W.O.C. was held at the home of the director, Mrs. John Bredson.

Mrs. Joseph Gannon, Chicago Heights, vice director, gave the following dates to be set aside for district activities. November 24, has been selected for the fall luncheon at the Martinique restaurant. The mid-winter meeting, to be held at the Roosevelt school, Dolton, on Feb. 25. The choral contest shall be conducted at this meeting as well as entertainment provided by each club. Annual night, election and installation of new members at the Park Ridge fieldhouse on April 25. The prize winning district play will also be presented.

Resignations were received and accepted from Mrs. R. W. Palmer, Morgan Park, philanthropy chairman and Mrs. Earl Thompson, Evanston, fine arts chairman. Miss Shirley Black, Morgan Park, has replaced Mrs. Palmer; the fine arts chairmanship remains vacant.

Mrs. Clark Gardner, Evanston, public affairs chairman, announced that her department will continue to collect dog la-

bels to facilitate the purchase of a guide dog.

Appointment of the following committees for the 1956-57 club year are executive committee composed of Mrs. John Bredson, Mrs. Joseph Gannon, Mrs. Ted Peters, Lansing; Mrs. Robert Tesar, Lansing; Mrs. Clark Gardner and Mrs. Vernon Rippe, Chicago Heights. To serve on the Revision committee are: Mrs. Howard A. Bertram, Lansing, district senior president, Mrs. Ted Peters, Mrs. Robert Tesar and Mrs. Thomas Highland all of the Lansing club.

A special committee was appointed to investigate the possibility of establishing new clubs in areas now being served only by senior clubs. Members of the group are: Mrs. Joseph Gannon, Mrs. Thomas Brennan, Evanston; Mrs. John Bredson and Miss Leona Schmidt, Chicago Lawn.

Each district chairman will call a meeting of the individual member at which time the complete club chairman during the summer plans will be formulated and reported at the Sept. 29 district meeting. An active club year is anticipated.

Improvement

The Tinley Park Methodist church is having pipe installed in front of the church to connect with the storm sewer. This will eliminate surface and roof water.

Pictured left to right are Mike Plecky, Oak Forest; Ed Mangin, and Harold Larimore, contractor. In the ditch is William Schellhase.

(Tinley Park Times Photo)

CORRECTION

In a recent story concerning the annexation of 110 acres to the village of Tinley Park between north and south boundaries were Harlem ave., and Ozark, the given as 171st and 175th st. The north boundary should have been given at 173rd st., according to the developers who plan to build 400 homes on the site within a period of five years.

In the last issue of the Tinley Park Times an article on John Copalello, partner in the firm of Jacobs and Copalello, erroneously stated he was past president of the Tinley Park Chamber of Commerce. It should have stated he was past president of the Steger Chamber of Commerce.

To keep the record straight we would like to correct a few discrepancies in the amount and kind of fish caught by localities Mr. and Mrs. James English and Mr. and Mrs. George Hartmann on a couple of fishing trips.

On their trip to Florida they caught a total of 48 kingfish weighing 400 lbs. the first day out.

On their trip to Canada this year, they caught an 18 lb. northern pike and 23 smaller ones. 24 walleyed pike, one weighing seven pounds and 20 brown trout caught on a 2-day canoe trip.

Washington Snapshots

On '56 presidential campaign issues, Democrats believe they can minimize the "Peace and Prosperity" claims of Republicans. Prosperity is not country-wide. There are depressed areas—farmers, etc. Also, consumers are heavily in debt—apprehensive—Democrats will play it up.

Peace is uncertain. Explosions can come in Middle East and Formosa. Boys still being drafted—huge sums for defense being spent. World position of U. S. has deteriorated, Democrats claim. They will couple these with attempt to make "part-time president" label stick.

Democrats not in accord on all this. Conservatives see Stevenson, Kefauver and Harriman frontrunners as of the moment. A candidate acceptable to conservatives and New Dealers not yet discovered. Ohio Governor Lausche would have to overcome bitter union opposition.

Segregation issue, at convention, could split the party wide open; maybe lead to third party again, as in 1948—this time more states involved.

Entomologists estimate there are more than 10,000 species of destructive insects in the United States.

Henry Boleman Gets Treatment For Eye Injury

Henry Boleman, 57, Mokena druggist, is undergoing treatment for an eye injury which is the aftermath of an accident on Memorial Day while he was driving to Marion, Ind. with his daughter Jean, to visit his sister.

His car was at a stop on route 30 and the Dixie highway, when he was bumped from behind by another vehicle. He had been unable to turn south because of a gathering holding Memorial Day services at that corner.

Following the impact, he suffered a severe headache for five minutes, but had no further recurrence until three weeks later when a black spot developed in front of the eye.

An eye specialist who examined him diagnosed the injury as a detached retina. For the past week, Boleman has been a patient in the Woodlawn hospital, Chicago, where a noted eye specialist examined the eye.

The patient has returned home but will have to undergo frequent treatments in an effort to relieve the condition.

Boleman came to Mokena ten years ago from Chicago where he operated and owned a prescription store for 17 years.

Can Get Forms For Soil Bank At ASC Offices

Agreement forms for the new soil bank program are now available to farmers at the county agricultural stabilization and conservation office.

They must be signed not later than July 30 if the farmer wishes to take part during the 1956 crop year.

One caution: No producer should go ahead with plans to participate in the soil bank until he has checked with his county ASC committee and has entered into an agreement with the committee regarding the practice he is to carry out.

By keeping corn acreage for harvest below the level of his corn base and holding these acres out of production, a farmer can qualify for the acreage reserve payments under the soil bank.

Payment for corn will vary somewhat with the method of compliance, but in general will be computed by multiplying 90 cents a bushel times the corn yield determined by the county ASC committee times the acreage taken out of production.

For this year only, farmers may participate by not harvesting acres that suffered from weather damage of by clipping, mowing or cutting an acreage of corn. Oats must have been clipped by July 1, while soybeans and corn can be destroyed up to July 31. But each farmer should be sure to check with his county ASC committee before he destroys a crop.

This is a special provision because the law was not passed until after planting was well along. The entire 1956 program is in many respects a special one, with many provisions to meet the time limitations this season. That is why farmers are urged to seek advice from the local ASC committee before the deadlines pass.

Cropland that has been grazed between January 1 and June 22 of this year is eligible to be included in the soil bank, according to an amendment to the regulations for the 1956 acreage reserve of the soil bank program.

WILL REPAIR PARKWAY

Last month two residents on LaPorte road, Robert Gaddis and W. I. Harston, appeared before the Mokena village board to complain of damage done to the parkways by trucks hauling construction material to the subdivision being developed by Norval Robinson. Robinson was at the board meeting last week and told the board that the parkway would be put in shape.

There are approximately 2,800 officers and 3,300 enlisted women in the Inactive Naval Reserve.

Death Claims Evelyn Whitaker

Last rites were held yesterday afternoon in the Sonntag funeral home in Joliet for Mrs. Evelyn Whitaker, 46, New Lenox, who died in Silver Cross hospital Monday after an illness of four months. The Rev. George Martin of the New Lenox Methodist church officiated. Burial was made in Maplewood cemetery, New Lenox.

Born in Mokena Feb. 5, 1910, she was the daughter of the late Mr. and Mrs. George J. Hacker. After her marriage with the late Melvin Whitaker, 25 years ago, they set up housekeeping in New Lenox where she has lived since. Her husband was in real estate and insurance business and also was a justice of the peace and after his death four years ago she and her son Ronald M. carried on the insurance business. She was also a member of the New Lenox Methodist church.

Surviving beside her son are three sisters, (Eunice) Mrs. Frank Vally; (Myrtle) Mrs. Ceward Batson and Miss Muriel Hacker all of New Lenox.

Tells How Doctors Examines Hearts

The Illinois Heart association has prepared an illustrated booklet, "How the Doctor Examines Your Heart" which is available at the Joliet office, 4 E. room 512 Clinto st.

An expert from the books, says, "It is now possible to discover many heart ailments accurately and early. The earlier heart and blood vessel diseases are discovered, the more effective will be the treatment." The booklet explains what is a complete heart examination, measuring blood pressure, the heart beats, type of X-rays, fluoroscope and all the other procedure dealing with heart ailments.

Memorial gifts to the Illinois Heart association have almost doubled in the past year. The total amount received so far by the state association and its 12 chapters and regions is \$24,073.81 as compared with \$12,266.97 contributed last year.

This past year region II, of the Illinois Heart association was named in a will and received \$13,000 from this bequest.

Mokena Lions Club Donates Swings

The Mokena Lions club has bought and installed swings in the Mokena Village park.

Three of the swings are equipped with safety bars for the small children and the other three have canvas seats for the older children.

Fifty percent of all marketed gas is used in the states where it is produced.

Mr. and Mrs. Raymond Vance and children of Indianapolis, Ind. are enjoying a week's vacation here with her parents, Mr. and Mrs. Paul H. Korsgaard and family.

Mr. and Mrs. Harold Wollenhaupt and children spent the Fourth with Mr. and Mrs. Dick Artwohl and family in Chicago. Mr. and Mrs. Robert C. Taylor and daughters spent the weekend in Bement with friends.

Mrs. Ralph Oldt and children Sandra and Ralph visited her sister Mrs. Robert Wentzel and family in Kewanna, Ind. over the weekend.

Major Clare Newman who is spending two weeks on active duty at Ft. Sheridan, was home for the weekend with his family. He returned to his station Sunday night.

Mr. and Mrs. Harold Wollenhaupt and children were guests Saturday of Mr. and Mrs. Earl Sulzberger in Joliet.

Roman Nowicki who is employed at Loudon, Tenn., was home for the holiday weekend with his wife.

Mrs. Robert Anderson of Miami, Fla. is visiting here for several weeks with her son, Mr. and Mrs. Ralph Oldt and family.

Mr. and Mrs. U. S. Madden and daughter Elizabeth were guests on the Fourth of Mr. and Mrs. Cort Kerr at Chicago.

Members of den 1, of pack 41 Cub Scouts had their den meeting Tuesday afternoon, July 3 at the home of their den mother Mrs. Clare Newman. Mrs. Leonard Konkel, assistant den mother, was present, and assisted the boys in their guns and holster project. There was a discussion on water safety, and some artificial respiration. The boys plan to start on their regatta project the theme for July, when they will make boats.

Mr. and Mrs. Leonard Konkel and children Randy, Jerry and Kathy, spent Sunday at River-view park in Chicago.

Mrs. Ronald Crisman and children Jeff and Candy returned Wednesday from Bass Lake, Knox, Ind. where they spent several days with Mrs. Glenn Vay and children at their cottage on the lake.

Thirty per cent of the WAVES in World War II were assigned to Naval Aviation.

GREEN GARDEN

Mrs. Katharine Heisner
Frankfort 4902

Mr. and Mrs. Siegfried Beckmann, Mr. and Mrs. Fred Beckmann and Mr. and Mrs. William Beckmann and their families were among those who attended the wedding of Miss Carol Gress daughter of Mr. and Mrs. Walter Gress of Crete, and Gordon Van Keuren, son of Mrs. Olga Van Keuren of Beloit, Wis., last Saturday evening. The ceremony took place in St. Paul's Evangelical and Reformed church at Monee with the Rev. Philip Krause officiating. They also attended the reception which was held in the church basement following the ceremony.

Mr. and Mrs. William Rahm entertained last Sunday in their home in honor of their son and wife, Mr. and Mrs. Scherril Rahm who celebrated their 15th wedding anniversary. Guests were Mr. and Mrs. Les Carlson and family, Mr. and Mrs. Harold Reimers and Judy, Blue Island; Mr. and Mrs. Homer Smith, Mr. and Mrs. Arthur Marti, Mr. and Mrs. Franklin Christiansen and Roger, Mr. and Mrs. Oran Deist and family, Mr. and Mrs. Harold Smith and family all of Frankfort; also Mr. and Mrs. Jerry Hossbach and Evelyn Mundt of Peotone; Mr. and Mrs. Emil Deist, Wilmington; Mr. and Mrs. Clarence Lauffer and family and Mr. and Mrs. Otto Schilling, Tinley Park; Mr. and Mrs. Stanley Williams and Albert Jarchow, of Mokena. Lovely gifts were received by the honored couple. Supper was served.

The WSCS of the Methodist church met Wednesday afternoon in the church with Mrs. Stuart Vanderbilt presiding at the business meeting. Mrs. Lewis Rab and Mrs. Clyde Weber were in charge of the devotions and program. The topic was, "Scattering the Seeds in Brazil." The hostess was Mrs. Dewey Andres.

Mr. and Mrs. William C. Bettenhausen, Jr. attended the jurisdictional conference of the Methodist church at Des Moines, Ia. this week. Mr. Bettenhausen was elected a delegate of the Rock River conference. While in Des Moines, Mr. and Mrs. Bettenhausen were the house guests of her aunt and uncle, Mr. and Mrs. A. H. Jones. They also visited with other relatives.

The monthly meeting of the Green Garden Go-Getters 4 H

club was held June 20. Ann Lehnert read a friendly letter from Bill Mecklenberg telling that he would have to resign because he is moving to another county. He commented on the good times he had had with our club. Chester Wilke spoke on soil building with legumes. A discussion was had on the dairy judging contest to be held on Harold Scheer's farm.

Ken Bailey was a visitor and discussed the 4H show to be held soon.

MARLEY

Mrs. Virginia Sass
New Lenox 3133

Eleven members of the Marley BYF are attending camp this week at Shimer college, M. Carroll, Ill. Those who went are Virginia Richardson, Brenda Kent, Bonnie Sproat, Louise Berg, Alma Lauffer, Betty Stellwagen, James Haeslet, Francis Garbo, Robert Stellwagen, Roger Corp and Mike Guthrie.

Mr. and Mrs. Russel Lauffer and son David spent Sunday and Monday at an outing along the Mississippi river at the Palisades.

Mrs. Ethel Ruth of Bloomingdale, Mich., is a guest in the Harry Sproat home.

Laurel and David Sproat underwent tonsilectomies Saturday

in St. Joseph's hospital in Joliet.

The Freeman Fellowship will meet this Sunday evening, July 15 at the home of Mr. and Mrs. Charles Sass for supper and the regular meeting.

Jean Lauffer spent Sunday and Monday with Mr. and Mrs. Francis Nelson, where she was a guest of Linda Sabin.

Mrs. Adella Sproat celebrated her birthday Monday evening at a family gathering in her home. Present were Mr. and Mrs. Durward Killinger and son Scott of Joliet and Mr. and Mrs. Robert Sproat and children Laurel and David.

Funeral services for Mrs. William (Mamie R.) Kase, 61, of Cherry Hill, who died Friday at Silver Cross hospital, were held Monday afternoon. She formerly resided on Maple road.

The rites were conducted at 1:30 o'clock at the Sonntag funeral home with the Rev. Erdman W. Frenk, pastor, officiating. Burial was in Woodlawn cemetery.

Surviving are her husband and a brother, Joseph Read of Long Beach, Miss.

The Marley Missionary society will hold their July meeting a week later than usual. It will be held July 25.

WAVES are first enlisted as seamen recruits, USN, and are sent to the U. S. Naval Training Center, Bainbridge, Md., for nine weeks of recruit training.

3% MEANS 20% MORE FOR YOU!

EVERY SIX MONTHS!

Every six months, Joliet Federal divides the profits from a 46 million dollar investment among its members, currently at the rate of 3% per year on each account. Savings account holders receive this dividend automatically . . . whatever their total dollar savings in Joliet Federal, more is added at the new higher dividend rate. Beginning July 1, 1956, savings account holders earn 20% more than during the previous six months of 1956. This is the result of the change from 2½% to 3% . . . 20% MORE.

Everyone can use big dividends every six months . . . why miss them? Open an account at Joliet Federal, Will County's largest financial institution, and watch your money grow! If you can't visit Joliet in person, just drop us a line, including name and address plus your check or money order opening your account (in any amount). Save by mail the way thousands do. THERE ISN'T ANY REASON FOR YOU TO BE MISSING THESE NEW, BIG DIVIDENDS. You might as well enjoy the pride of being a part of this 46 million dollar institution . . . take part in the many privileges that are yours, once you're a member.

Write us TODAY. It's smart . . . it's perfect timing. You'll get in on the first payment of dividends at 3% to be distributed on December 31, 1956. We're waiting to hear from you!

Ask us about Standard's Fuel Oil Budget Plan

Cut down the mid-winter payment peak.
No interest, no carrying charge.

This is how you use your heat. Dotted line shows how you can pay for it.

Standard will help you estimate your entire year's heating costs and divide the amount into equal monthly payments. You make 9 equal monthly payments to cover a full heating season. You never pay more than the agreed amount monthly. At the end of the heating season, any slight difference in amount paid or payable will be adjusted.

No record or payment book to keep. You'll receive a statement of your account each month. The plan applies to STANDARD Furnace Oil with STA-CLEAN†, STANDARD Heater Oil, and to PERFECTION Kerosene. Call today for full details.

Claims Clipped Pastures Aid Forage Yield

Research studies at the University of Illinois college of agriculture show that clipping pastures can increase forage yields as much as 10 to 20 per cent.

Dairy specialists at the university point out that the increased yield comes in young, fast-growing plants that make the best feed for the dairy herd.

In pasture mixtures, the grasses often grow rank and tend to crowd out the legumes. Clipping off this excess growth will give the legumes a better chance to grow.

Cattle are likely to graze even a well-managed pasture unevenly. They may not eat some of the grass, and it will go to seed. Clipping will remove these seed heads and allow the pasture to recover at a uniform rate.

Clipping pastures also fits well into a rotational grazing system. The clipping should be done about two days after the herd has been moved to a new pasture plot. A chain or harrow can be hooked to the rear of the mower so that the droppings

can be spread in the same operation.

In addition to improving the quality of the pasture crops, clipping will also control weeds. It will keep them from going to seed and also keep them from crowding out the grasses and legumes. The result will be higher quality pasture for your dairy herd.

Flowering Cherry Tree Seeds Are Now Available-Free

(Community News Service)

Chicago area communities that would like Japanese flowering cherry and ginkgo trees can have the necessary seeds for the asking.

This was revealed a few days ago as Chicago's Mayor Richard Daley accepted a gift of five thousand cherry tree seeds and one thousand ginkgo tree seeds.

The seeds were a gift to Chicago from the children of Japan, who gathered them to send to American cities.

Shigeo Yamada, Japan airlines district manager, said Japanese youngsters gathered the seeds for distribution in America.

Yamada, who made the presentation along with Joyce Kubose, 9, of Chicago—said the seeds are distributed here by a Japanese businessmen's organization known as "Friends of the World Inc."

Thousands of the seeds were distributed previously in 1952 and 1954.

And Yamada says more are available. Communities which would like some of the seeds are invited to write to Friends of the World, care of the Japan Travel Information office at 10 Rockefeller Plaza in New York City.

Besides seeds, the group has in the past distributed here Japanese dolls, paper fish, pictures and stamps.

ORDINANCE NO. _____

APPROPRIATION ORDINANCE FOR THE VILLAGE OF ORLAND PARK FOR THE CURRENT FISCAL YEAR BEGINNING MAY 1, 1956 AND ENDING APRIL 30, 1957

BE IT ORDAINED by the President and Board of Trustees of the Village of Orland Park as follows:

Section 1

That the following sums of money, or as much thereof as may be authorized by law, as may be needed or deemed necessary to defray all expenses and liabilities of the Village of Orland Park be and the same are hereby appropriated for the corporate purposes and objects of said Village of Orland Park for the fiscal year commencing on May 1, 1956 and ending April 30, 1957:

GENERAL GOVERNMENT

For salary of Village President	\$ 75.00
For salary of six Village Trustees	400.00
For salary of Village Clerk	150.00
For salary of Village Treasurer	300.00
For salary of Commissioner of Public Works	1,000.00
For salary of Stenographer	700.00
For retainer fee of Village Attorney	500.00
For legal expenses and costs of litigation	5,000.00
For retainer fee of Village Engineer	500.00
For engineering expenses	2,500.00
For payment of election expenses	150.00
For dues to Illinois Municipal League	100.00
For dues to the United States Conference of Mayors	150.00
For premiums on bonds for Village officials	200.00
For salary of local liquor control commissioner	1,200.00
For supplies of Village Clerk	150.00
For supplies of Village Treasurer	150.00
For office equipment	100.00
For repairs to Village Hall	350.00
For decorating Village Hall	225.00
For fuel to heat Village Hall	500.00
For payment of premiums on insurance on Village Hall	100.00
For payment of premiums on insurance on Garage	50.00
For electric lighting of streets, payable in monthly installments	3,000.00
For electric lighting and power in Village Hall	150.00
For telephone service	400.00
For payment of necessary material for street repairs	10,000.00
For street signs	300.00
For labor for repairing streets	2,000.00
For labor on streets and alley drainage	3,000.00
For payment of premiums on public liability insurance	150.00
For payment of premiums on workmen's compensation insurance	400.00
For payment of premiums on insurance on Village trucks	250.00
For purchase of vehicle tags	150.00
For gasoline and oil for Village trucks	200.00
For repairs to Village trucks	200.00
For auditing Village books	300.00
For publication expenses	1,000.00
For janitor service	150.00
For printing expense	300.00
For contingent expenses for corporate expenses not otherwise provided for	4,200.00

POLICE DEPARTMENT

For salary of policemen	5,000.00
For new equipment	3,000.00
For supplies	300.00
For repair of police department vehicles	300.00
For gasoline and oil for police vehicles	1,000.00
For repair of police equipment	200.00
For payment of premiums on insurance on police equipment	250.00
For garage expense for police vehicles	360.00

FIRE DEPARTMENT

For payment of premiums on insurance on Fire Truck No. 1 (Mercury)	250.00

9919-25 W. 143rd Place

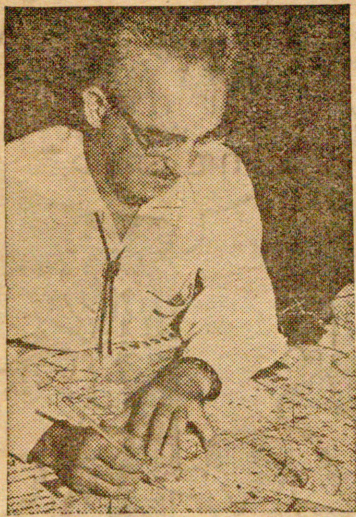

Tel. Orland 2979

We are proud to announce our appointment as an authorized Johnson Sea-Horse Dealer. We cordially invite you to visit our show room. See the new '56 Sea-Horses. Nine great models, 3 to 30 hp — all styled in Holiday Bronze and Spray White!

It is our sincere desire to fulfill all your boating needs. And it is our obligation to keep your Sea-Horse running Dependably—always!

Johnson SEA-HORSES FOR DEPENDABILITY

On the Alert, 1956

DAMAGE RINGS for Philadelphia-Camden "blast" are plotted during last year's Operation Alert, just as they will be this year, in concentric rings from the point the bomb hits. In addition to simulated bomb "casualties" in the 1956 Alert, the Civil Defense directors will seek to minimize fallout "casualties" by swift shelter commands on the basis of predicted and monitored fallout patterns. (Battle Creek Enquirer and News Photo)

Nationwide Test To Be July 20-26

For seven days in July, Operation Alert 1956 will confront civil defense planning with the type of problems that would arise out of a mass nuclear attack on the U. S.

THE THIRD ANNUAL training exercise, scheduled for July 20-26, will enact on a nationwide stage some of the civil defense measures which would be taken if this nation were suddenly attacked by bombers and submarines capable of wiping out millions of persons and dozens of cities in a day.

Plans call for 76 cities, air bases and Atomic Energy Commission installations to be hit by 125 mythical nuclear bombs. These would include 39 hydrogen bombs rated as high as 5 million tons of TNT equivalent each.

More than 30 Federal agencies will cooperate by evacuating key employees and operating from emergency sites. Coordinated by the Federal Civil Defense Administration, State and local CD organizations will carry out training exercises as if the attack were real.

JUNIOR SPACEMAN and Davy Crockett were among the two-thirds of the population of Bangor, Maine, which took part in a test evacuation during Operation Alert 1955. The test was typical of the ways local communities are expected by the Federal Civil Defense Administration to tie in their local civil defense training with Operation Alert 1956. (Courtesy Young's Photo Service, Brewer, Me.)

Prepare For Annual Festival to Aid Children's Home at Palos

Quietly thru the year a dedicated group of people from all parts of the area and surrounding areas, work to help the Franciscan Sisters in their care and education of exceptional children. This group is composed of parents, friends and such organizations as the Beverly Bees, Caritas Society, Lourdeens, Palos Mendettes, and St. Coletta's Guild, who collectively, might well be called the Colletta Crusaders.

The yearly work of these people will culminate on Sunday, July 29 when they will join forces to stage the sixth annual summer festival at the Lt. Joseph P. Kennedy Home for Exceptional Children, 123 street and Wolf road in Palos Park. Under the direction of Sister Mary Romuald, sister superior of the school, and Claire T. Driscoll, 10557 South Hoynes ave., general chairman of the event, all are invited to attend the open house and festival on that day. The proceeds will be applied toward the continued expansion of the facilities of the school.

Among the highlights to be on

display on that day for the visitors will be the building recently completed which contains 12 classrooms, five shops, and four music practice rooms. Also included in the new structure are an auditorium and a gymnasium.

Still to be recited under the long range plans of the school are five cottages, a chapel, infirmary, convent and administration building, so that the peak capacity of 400 boys may be accommodated instead of the present enrollment of 180.

The only source of funds to re-the school are proceeds from the future enlargement of the forthcoming festival.

Among the individuals who are aiding in the forthcoming festival are two from Tinley Park, Mrs. Joseph Lebowitz, 16001 S. Oak Park ave., and Mrs. James Maney, 147th and Oak Park ave., and a number from the Palos area, Mrs. Stanley Jaworski, 10627 S. 82nd Ct., George Harris, 12358 S. 73rd Ct., G. R. Lagemann, 116th and 86th ave., Mrs. Otto Pfeiffer, 123rd and Wolf rd.; Dale Bryant, 12443 76th st.; Elmer Brettnier, 123rd and Wolf rd.; Charles Dowlin, 12332 S. 73rd Ct. and Fred Van Shaik, 12259 S. 71st Ct.

Tips on Touring

By Carol Lane
Women's Travel Authority

Some driving situations try any driver's patience—especially in summer. Here are a few tips for keeping cool if you feel yourself getting hot under the collar.

Stuck behind a slowpoke on a winding road? Getting edgy, impatient, about to risk passing on a curve? Relax. The road will straighten out, or he'll turn off, or he'll come to a stop light. You can pull along side and pass him when the light changes.

Caught in a traffic jam coming back from the beach? So are all the others. Muttering and grinding your teeth won't get you anything but ulcers. Shifting from lane to lane can lead to trouble. Try to get off the main highway on to a side road. If you have children in the car, let them play "Initials." One gives the initials of some famous person, and the others guess who it is. Time passes more pleasantly if you don't brood about the delay.

Like to jump traffic lights—start moving ahead on amber before the green goes on? Better not. Some impatient driver may be trying to get through the intersection before the red comes up on the other side.

Want to know how patient a driver you are? You can measure your patience with the "number-block" quiz in Shell Oil Company's current series of safe-driving ads—available at Shell service stations.

Lockport, R. 1
Telephone Lockport 1387M

Frank Milne, accompanied by his sister, Miss Dorothy Milne, his brother, Putnam and Miss Grace Lynn, drove to St. Joseph, Mich. Saturday where they attended the wedding of William Milne, son of Mr. and Mrs. D. R. Milne and Miss Shirley Ireson, formerly of Lockport. Mrs. F. J. Paddock returned

from Naperville Friday evening where she spent several days with her sister, Mrs. John Loeffler. Mr. Loeffler is seriously ill.

The John Hollister family were Sunday visitors in the Arthur Talbert home at Huntley. Mrs. Hollister was guest soloist at the Huntley Congregational church where the Rev. Mr. Talbert is the minister.

The Yaeger family from Beardstown spent several days recently with relatives, the Loran Andersons on the Marple farm here.

Miss Edna Cagwin left Monday of this week for a European

tour with a group of her fellow teachers.

Walter Konow is a patient in St. Joseph's hospital, where he went for observation, June 28. On Friday of last week he underwent surgery and is doing as well as can be expected, at this writing.

Violette Konow is staying with her aunt, Mrs. Mary Konow during her uncle's illness.

The July meeting of the Good Luck Camp of Royal Neighbors will be a picnic at Dellwood Park at noon Thursday the 19. Members are asked to bring their own table service, a dish to pass and a prize.

Mrs. C. G. Rowley is confined to her home by illness.

Mary Ann Filipowicz was a guest in the Burianic home in Berwyn last week. The Burianics are former neighbors.

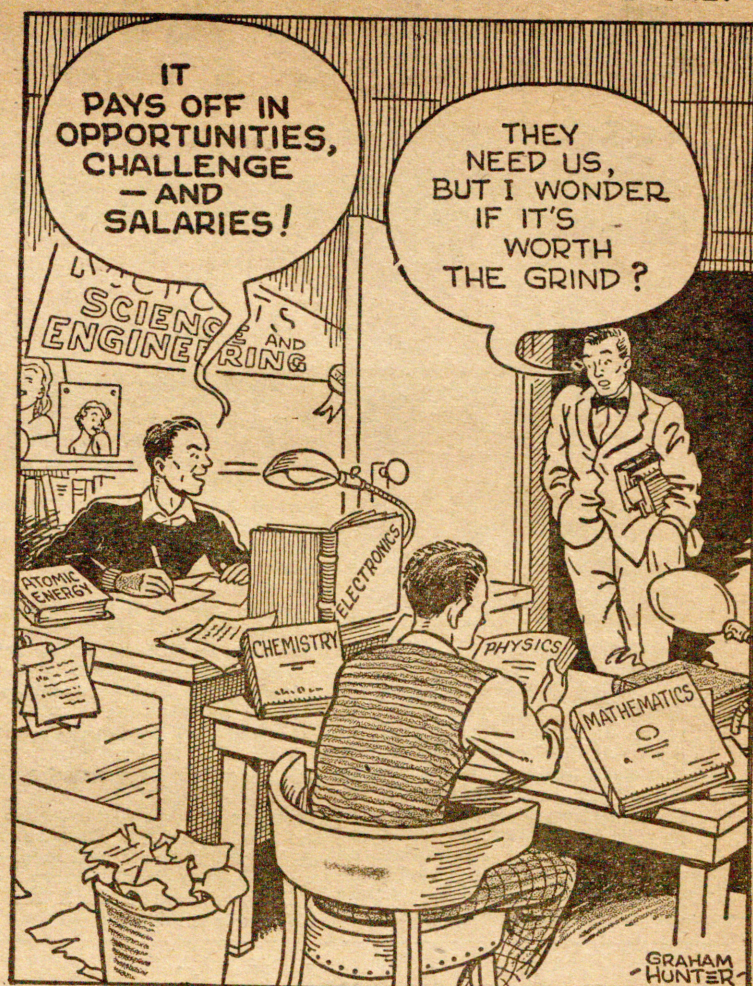

Many members and several guests attended the Kings Daughters picnic in the church dining room Thursday. Mrs. Iola Storm presided and Mrs. Henry Rodgers had charge of the games which followed the program. Mrs. D. Korista favored with a vocal solo.

U.S. Gambling Stamps Due

(Community News Service)
Three more Chicago \$50 wagering stamps and one more Cook county \$250 gaming stamps used for slot machines and pinball games used for gambling, were on a list of six wagering and 15 gaming stamps issued Friday by Acting District Director

Cabinet Work

Philip C. Hacker
Dial Mokena 3851

GOOD INVESTMENT FOR AMERICA'S FUTURE!

of Internal Revenue D. J. Luipold. It was expected to be the final list for the fiscal year ending June 30.

The three wagering stamps, used by bookie and policy operators and their employees, boosted the Chicago total to 107 and Cook county's to 261 in this category, out of 408 issued in the 26 counties of northern Ill.

Buyers were: Thomas Williams, 433 East 46th place; Conwell Brown, 3620 West 15th st.; and Stanley J. Mikolajczak, 2144 North Clark street.

The single slot stamp, issued to Berwyn Aerie 2125 of the Fraternal Order of Eagles, 6309-21 West 26th street, Berwyn, made the gaming total for the year 99 in Cook county out of 677 in the district.

In the gaming category, Cook county is behind Lake county,

with 132, and McHenry county, as a result of a drive in those counties to make operators of pinball games used for payoffs buy a stamp. A few raids of this kind have also been made in Cook county, but more of those aided have bought stamps yet.

WAVE Line officers hold responsible positions in such varied fields as Personnel, Public Relations, Education, Communications and Administration.

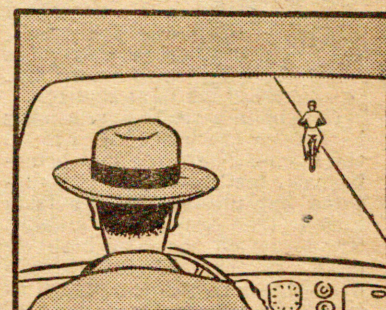

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

Undoubtedly you have become aware of the fact that there are more bicycles on the streets and highways now that the weather has become fairer and the streets free of snow and ice. And, as spring grows older, we can expect to see more and more bicycles take to the road.

All of us derive a certain amount of pleasure from seeing the youngsters enjoy themselves and at this time of the year cycling is tops in the entertainment field for many of them. Just the same, we must be aware of the obligation these cyclists present to the motorist.

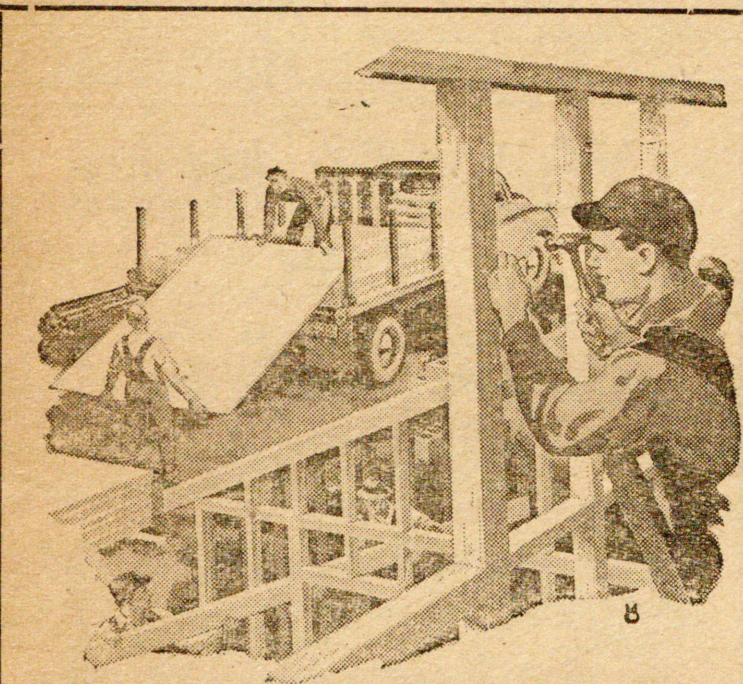

The youngster with a bike can sometimes easily forget the rules of the road which he must follow and when that time comes it is up to the motorist to assume the youngster's obligations. When approaching a bicycle from the rear be especially alert as you attempt to pass

SOUND YOUR HORN

it. Sound your horn far enough behind the cyclist so that the noise will not suddenly jar him and cause him to steer his bike out into your lane of traffic or to lose control of it and take a serious fall.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to **CHARLES F. CARPENTIER**, Secretary of State, Springfield, Illinois.

Find "Salt Marsh" Mosquito Breeds in South Cook County

Former residents of New Jersey now residing in South Cook County will be dismayed to learn that the famous "salt-marsh" mosquito (*Aedes sollicitans*) is able to establish itself County Mosquito Abatement district, two breeding sources for Entomologist of the South Cook here. According to Oscar Lopp, this vicious day-time biter have been located in the South Cook District and it is expected that others may be found.

Previous records for Illinois indicated the occasional presence of this species in Cook county, but no breeding sites had ever been discovered. Examination of these sites was one of the reasons for the visit of Dr. Harold Ross, Chief Entomologist for the Illinois Natural History Survey, to the South Cook District last week. Dr. Ross, a former president of the American Entomological Society and author of the standard reference work on mosquitoes of Illinois, was very interested in the (sollicitans) specimens now in the collection of the South Cook Mosquito Abatement District and accompanied Entomologist Lopp on an inspection of the two known breeding sites.

Heretofore, Illinois records for this species have largely been from Southern Illinois, where this mosquito was found breeding extensively in the salt water from mine or oil well operations. Both sources located in South Cook County are characterized by water with high sulphate and chloride counts. The abundance of this vicious biting mosquito led to organized control in Centralia and Dupont several years ago.

It was the salt marsh mosquito that led to the establishment of the first organized mosquito districts in the United States some fifty years ago. The areas near tidal flats in New Jersey were virtually uninhabitable because of this menace. Control measure there, largely through drainage techniques, have restored much of this land as valuable real

estate. It was also this same mosquito that was responsible for the heavy invasions along the coasts of Texas and Louisiana in 1954 and 1955.

Entomologist Lopp makes it clear that (sollicitans) presents no immediate threat here; that at present it is merely an item of incidental interest, but that with a rapidly growing area such as we have in this district, the district will keep a sharp watch for this particular species so that proper preventive measures can be taken to safeguard us against such explosive situations as have occurred in Southern Illinois and Kentucky in recent years.

Another day-biting floodwater species, (*Aedes dorsalis*), has been found in much larger numbers this year than last, and is apparently considerably more of a problem than was originally thought. It too, is a mosquito that in Illinois, at least, has been associated with waste disposal. Thus far it has been located largely in the Eastern half of the South Cook Mosquito Abatement district, but from the numbers that have been picked up in light traps this spring it appears that many more breeding sources exist than have yet been located and brought under control.

District Manager William J. Buchanan points out these are just two more pieces to the jigsaw puzzle that must be carefully and systematically put together in the interest of an effective mosquito abatement program. A successful program must be based on accurate information, Buchanan emphasized and there is no quick easy way to gather such information.

"We must continue with the gathering of data at the same time that we are doing actual mosquito control work. Both must proceed as rapidly as possible", Buchanan said, "but no control measures can be effective in the long run without the basic knowledge required to define the problem clearly."

Judge Ponders Probation for P.O. Burglars

(Community News Service)
The case of the Lyons post office burglars is more confused than ever after another session before U. S. District Judge Philip L. Sullivan.

Edward Pecan, 21, of 6954 Windsor, Berwyn, an upholsterer's helper, and Joseph Vyskocil, 25, of 3753 Emerald, a truck driver, seemed about to receive probation June 22 after pleading guilty and making restitution for \$1,100 in stamps and \$200 cash taken in a burglary in the post office building Nov. 26, 1954, when the court was informed Pecan had been charged with stealing a car in Du Page county. He continued the case to determine the disposition.

Assistant U. S. Attorney Joseph Tobin informed the court that the Du Page court had continued the case waiting Judge Sullivan's disposition, and that it was uncertain if the owner of the car would prosecute since he had been a companion of the defendant.

"One year and one day each," said Judge Sullivan.

The Rev. Daniel Ludwig, pastor of Concordia Lutheran church 32nd and Home, Berwyn, then stepped forward and asked if Pecan could not be placed in his custody as former prison chaplain for four years at the Missouri State Training school for Boys.

"But he's in trouble again," said Judge Sullivan.

"It's a question of the man not wanting to press charges," Rev. Ludwig replied.

"I'll revoke my sentence and continue both cases to Aug. 2," the court finally said. "But I won't put them on probation, unless I change my mind."

A third defendant, Michael F. Russo, 29, of 3641 South Clinton, Berwyn, charged with concealing the stolen stamps in his former tavern, Michael's Little Club, 4038 Oak Park ave., Stickney, has already been placed on two years probation.

Beards Bloom As Centennial Fever Mounts

Full beards, top hats, bonnets and dresses of one hundred years ago are familiar sights in Peotone. It is all in preparation for the Centennial celebration of this eastern Will County village on Aug. 2-3-4-5. Residents of the community have been working on plans for the event for more than nine months. Many activities connected with the Centennial have already been held and more are still to take place before that first week-end in August.

The Sisters of the Swish, an organization with more than 300 members, Mrs. Francis Regan president, has planned a luncheon to be held in Joliet on July 11.

Caravans have been organized to visit neighboring towns, according to Lewis Werner, chairman of this division. On July 12 they will travel to the southwest of Peotone; on July 19 North and on July North and West.

Brothers of the Brush, according to President Francis Regan, have arranged Kangaroo Court sessions for July 13-20-27.

will be held in the village hall on July 18 and two days later a Centennial Tea will be held at the Legion Home at which time ladies 70 years old and over will be the honored guests. Miss Agnes Diedrich is in charge of this event.

One of the pre-centennial highlights will be the Gay Nineties Revue to be staged on Saturday night, July 28, under the direction of Mrs. A. M. Fodor.

Probably the most impressive service of the entire celebration will be the mass Union Church Services to be held on the pageant sight at the Peotone Fair Grounds Sunday evening, July 29.

The Coronation Ball will be held in the new high school gym Wednesday night, Aug. 1. The Queen and her court will be announced and the Queen will be crowned at 11 o'clock that night.

Another big attraction on the four-day program will be the Will County 4-H Club show which will be held at the Fair Grounds on Aug. 1-2-3.

The Centennial proper will open Thursday, Aug. 2 and will continue thru Sunday night, Aug. 5. The historical pageant, "Peotone on Parade," will be presented by a cast of more than 200 local people at 8:15 o'clock on each of the four nights.

Cutworms Cause Damage to Corn

Cutworms are causing damage to some corn fields, and replanting has become necessary. If many small cutworms are Dieldrin per acre prior to re-

present, apply one pound of planting. Disk immediately. If damage is apparent to growing corn, apply one-half pound as a band treatment over the row. Use plenty of water.

There are some army worms working in the grains and grasses. Apply one-fourth pound of Dieldrin per acre for their control. Again use plenty of water.

Corn flea beetle is a little black bug that gets its name from its actions. It jumps like a flea, is hard to see, and leaves machine gun holes in the corn leaf. Apply Dieldrin at one-fourth pound per acre over the row. Use plenty of water, and re-treatment may be necessary. If you have to replant, the same recommendations as for cutworms will control the flea beetle.

THE NEWS-BULLETIN
Thu. July 12, 1956 Sec. 3 Pg

tle.

Bill bugs are found in some areas, but it is another insect usually that is doing the most damage.

From all indications so far in Will county, soil insecticide treatment before planting would have been a good investment.

One precaution about using chemicals is to follow the directions on the label as to Miller Pesticide Bill will be in force this year.

Navy buildings housing 1 American in Antarctica were built to stand minus 100 degrees temperatures and plus 100 knots winds.

HOW TO LIVE BETTER in your present home

REMODELING THE PERFECT ANSWER

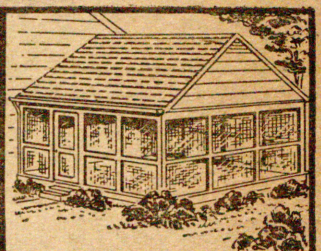

There are unlimited possibilities in your home for remodeling projects that will make your home life more comfortable and pleasant. Room additions, utilization of waste attic or basement space, porch enclosures, and many others. Let us show you how you can live better right where you are!

Modern Kitchen
A well planned efficient kitchen can add immeasurably to living pleasure. Let us help you plan a new, modern kitchen.

Den
In many homes there is space that can be utilized for a Den that will provide a quiet place for study or relaxation.

Enclosed Porch
Added living space can be provided by enclosing an old, open porch. Screened in summer, glassed in winter.

We will be glad to consult with you concerning possible home improvements and provide free estimates of cost. There is no obligation.

PTA Sets Oct. 19 as Date for Fall Conference at Bremen High

October 19 has been chosen as the date for the annual Fall Conference of the Parent Teacher Association to be held at Bremen Community high school, Midlothian. This was decided at the last District 19 PTA meeting. Mrs. Edward Pettijohn, District director, said the theme of the conference will be "Education as a Protection for our American Heritage."

Dr. Otis Keeler will speak in the afternoon on "What the P. T. A. Can Do." In the morning informative round tables, or workshops, will be set up on all departments of P. T. A. work, and will be staffed by district and state chairmen. Registration is scheduled for 9:30 a.m. Nursery service will be provided. A display of year books, publicity books, posters, publications and legislative brochure will be exhibited.

Other district plans for the year will include:

Mrs. Arthur Williams, field worker of PTA, will be at Blue

Island, Sept. 17 and 18 to conduct a course in leadership training. This is a District 19 sponsored course, and available to all PTA members.

A conference on the "Exceptional Child" is planned tentatively for Sept. 27 at Lincoln school in Calumet City.

A Legislative Workshop will be held in Central school, Evergreen Park, March 21, 1957. This is an evening meeting.

The district encourages councils to plan workshops or study courses for their units. Southwestern area council reported a course in PTA procedure scheduled for early fall.

Dist. 19, with 2,121 subscriptions to the national PTA magazine was awarded third place in the state contest.

At present Dist. 19 is composed of ten Councils with a membership of 105 PTA Units.

Illinois State Parent Teacher convention will be held at the Conrad Hilton hotel, Chicago, April 25, 26 and 27 next year.

Washington News Letter

UNIONISM IS NOW BIG BUSINESS -- (Condensed from "Human Events")

Unionism has become one of the Nation's biggest businesses. Its influence reaches into every nook and corner of the Nation's economic and social structure. Its political power rivals anything known in American history. It is a power that must be reckoned with.

Washington, D. C. houses the headquarters of 42 national labor unions, plus the new headquarters of the AFL-CIO with its claimed membership of 15 million members.

The unions want their headquarters handy to the seat of Government so they can impress the Government and the Members of Congress with their economic and political power.

The unions have spent and are now spending untold millions of dollars upon swank marble-faced office buildings for their Washington headquarters. The International Brotherhood of Teamsters has just completed a marble palace at a cost of \$5,000,000.

The new AFL-CIO headquarters just across Lafayette Square from the White House cost \$3,500,000. The Machinists Union now

has its new headquarters off famous Dupont Circle, erected at a cost of \$2,500,000. The Operating Engineers are now erecting a \$2,000,000 building just across the street from the Mayflower Hotel. . . etc. etc. etc.

These unions spent \$1,978,564 in the 1954 Congressional campaigns, as shown by government reports. Some of the campaign contributions were as follows: Senator Douglas, Illinois, \$35,500; Senator Murray, Montana, \$32,450; Senator Neuberger, Oregon, \$23,250; Senator Humphrey, Minnesota, \$20,947; Senator McNamara, Michigan, \$19,000; Senator Kefauver, Tennessee, \$18,850; Senator O'Mahoney, Wyoming, \$14,500; Senator Barkley, Kentucky, \$13,000.

THE FEDERAL GOVERNMENT - (From "Taxpayers' Federation of Illinois")

The Federal government is the biggest business in the world. It employs 2,300,000 civilian workers; pays, equips, and feeds 3,000,000 men and women in the armed forces; owns 838,000,000 acres of land, plus 2 1/2 billion square feet of floor space; and operates truck fleets, power projects, and airlines. The Hoover Commission found that approximately 2,000 government commercial and industrial facilities existed in the defense department alone. It made 314 recommendations to improve the Federal government, and to save the

taxpayer billions of dollars each year. About one-half of these recommendations have been adopted.

OLD AGE AND SURVIVORS BENEFITS

M. B. Folsom, Secretary of Health, Education, and Welfare in President Eisenhower's Cabinet, has furnished the writer with a table showing the number of people in each county of Illinois that are receiving Old Age and Survivors Benefits from the Federal Social Security Fund. The following is the record for the six counties of the 15th Congressional District:

Counties	Total Number Receiving Benefits	Total Amount of Monthly Benefits
Boone	1,069	\$58,054
De Kalb	2,267	118,339
Grundy	1,038	54,675
Kendall	581	28,903
La Salle	6,007	324,653
Will	6,984	391,312
TOTAL . . .	17,946	\$976,436 per month

Drum and Bugle Corps to Give Show at Joliet

All ex-service men and the general public are invited to attend a pageant to be staged July 22 by the Harwood Post (American Legion) National Championship band. The affair is to be held in Memorial stadium, west of Joliet on Route 52.

The show, which will feature drum and bugle corps, bands and drill teams, is scheduled to begin at 8 p.m.

The Skokie, Indiana national championship drum and bugle corps, the Commonwealth Edison Knights of Light and the Kewanee Black Knights, all crack units, are entered in the competition for senior corps. Among the junior corps will be the Norwood Park Imperials, the Giles Yellow Jackets and the Chicago Cavaliers.

The Commonwealth Edison post drill team will perform as well as the national championship Joliet high school band and the national championship color guard from Kankakee.

There will be an admission charge.

Rock Island Line Awards 2 Scholarships

University scholarships have been awarded to two young men by the Rock Island Lines. The railroad's board of judges meeting in Chicago selected the following candidates as winners.

Sandi Pinio Jr., 18, 366 North Central, Woodale, Illinois; son of Sandi Pinio, a redcap in the LaSalle Street Station.

Sammy R. Goodman, 22, 108 1/2 West Barber, El Reno, Oklahoma. He is an employee of the Rock Island and works as a yard clerk in El Reno.

The Rock Island yearly grants two scholarships, which provide for each student selected \$500 per year for tuition and books through a four-year college engineering course.

Rock Island employees or sons of employees who are high school graduates and under 25 years of age are eligible candidates.

High scholastic standards throughout their college careers must be maintained by the winners in order to keep the Rock Island's endowment in effect.

After completion of their schooling, winners are given an opportunity to work for the company, if they desire. This is not a consideration however in determining the winners.

Sandi Pinio will begin his training at the Illinois Institute of Technology in the fall.

Sammy Goodman will enroll in Oklahoma university also at the beginning of the fall term.

Ray Cole, 18, 4015 39th St. Place, Des Moines, Ia. has been named as an alternate. He is the son of L. L. Cole, an employee of the Rock Island's Motor Transit subsidiary in Des Moines.

There are approximately 2,800 officers and 3,300 enlisted women in the Inactive Naval Reserve.

WHY IT'S GOOD BUSINESS

to deal through an

M. L. S. MEMBER:

Multiple Listing Service . . . What Is it?

Service to Property Owners

Through the widespread M. L. S. in the Greater Harvey Area, your Property is listed with the member of your choice and a copy of the listing with 10 realtor members. They all help sell your property. BUT you deal only with your own M.L.S. Realtor who handles all details - and you pay only one commission; expert service with no additional cost.

Service to Homeseekers

Every MULTIPLE LISTING SERVICE MEMBER is enabled to offer the prospective home purchaser or investor the largest possible selection of available properties. No longer is it necessary to run from one office to another to see "what is on the market?" You deal with the M. L. S. Realtor of your choice - he has them all.

1956 Acreage Reserve Program Set Up by County Committees

Requirements for participation in the 1956 Acreage Reserve Program under the "Soil Bank Act," Public Law 540, have been announced by Secretary of Agriculture Ezra Taft Benson, County Agricultural Stabilization and Conservation committees, which will administer the program, will announce locally when the program agreements are available for signature by farmers in the county office. At that time they will have full information on the terms and conditions.

In announcing participation requirements for the 1956 Acreage Reserve Program, Secretary Benson stated:

"We have proceeded with all possible haste since enactment of the Soil Bank legislation to present a sound 1956 program to farmers. It is true, however, that the program for this year is in a sense a special program designed to meet the time limitations and the requirements of the legislation for 1956.

"For that reason, 1956 will not present a fair trial of what the program can accomplish. The rates set are for the 1956 program only. Before next year's crops are planted, however—including fall seeding of wheat this year, we will have an opportunity to plan and develop a more comprehensive program.

"The Soil Bank make available beginning especially in 1957 a way to reduce our farm surpluses, to safeguard our soil and water resources, to give a lift to farm prices."

Under the 1956 Acreage Reserve, farmers who are eligible to take part in the program may earn payments in connection with one or more of the commodities specified in the law—corn, and wheat—by reducing their acreage of the crop below the farm's established allotment (or base acreage in the case of corn).

Under the basic rules of eligibility established in keeping with the law, acreage designated for the Acreage Reserve must: (1) Be representative of the land used for the crop, (2) result in the harvesting an acreage of the basic crop less than the farm allotment or corn base acreage, and (3) not be grazed, cut for hay or cropped for the entire 1956 calendar year. Noxious weeds must also be controlled on the "reserved" acreage.

In order to participate in the Acreage Reserve, a farmer must comply with all acreage allotments or corn base established for the farm.

The 1956 program, as provided by the law, contains special provisions and payments which enable farmers to participate this year. Any farmer who otherwise complies with the provisions of the Acreage Reserve will be eligible for payment if:

1. He has underplanted his Soil Bank Corn base or his allotment for wheat (when planted to spring wheat) and he certifies that he underplanted (a) in anticipation of complying with the 1956 Acreage Reserve or (b) because of adverse weather conditions; or

2. He has underplanted his 1956 allotment for winter wheat and certifies that this was done because of adverse weather conditions; or

3. He has complied with his Soil Bank corn base or his farm allotment for a particular crop, but an acreage of the crop was not harvested because of destruction by natural causes; or

4. The farmer is in an area where a established final date set for the basic commodity for his area is subsequent to May 28 and he plows or otherwise physically incorporates the crop into the soil, or clips, mows, or cuts the crop after May 28 and prior to June 30 or the established final date, whichever is later. (The "established final date" will be the same as the last date on which the acreage of a basic crop may be adjusted in order to bring it into compliance with the acreage allotment of the regular production adjustment program), for wheat June 10, 1956 in Will county and for corn August 1, 1956.

Maximum and minimum acreages of the basic crops which may be placed in the Acreage Reserve have been established as follows (except that where the allotment is less than the speci-

fied acreage minimum or maximum, the total allotment shall be considered as the minimum or the maximum):

For corn, the maximum is the larger of half the corn base acreage or 50 acres. The minimum is the larger of 10 per cent of the base acreage or 5 acres.

For wheat, the maximum is the larger of half the wheat allotment or 50 acres. The minimum is the larger of 10 per cent of the allotment or 5 acres.

The payment which a farmer may earn for participating in the Acreage Reserve will be determined by multiplying a base unit rate by a yield factor. The national average rates for 1956 crops are: Corn, 90 cent per bushel; wheat, \$1.20 per bushel (details in USDA press release 1661-56 issued today, June 8, 1956).

The payments will be determined as follows:

For underplanting the corn base or wheat (when planted to spring wheat), the payment rate will be based on the normal yield for the designated acreage.

For underplanting 1956 winter wheat, because of adverse weather, the payment will be \$4 per acre.

For destruction due to natural causes or for plowing or otherwise physically incorporating the crop into the soil, or for clipping, mowing, or cutting the crop, the payment will be based on the smaller of an appraised yield for the field or the normal yield for the farm, but will not be less than \$6 per acre.

Provisions of the Conservation Reserve part of the Soil Bank will be announced as soon as practical. The county committee and several employees of the Will county ASC office attended a district meeting in DeKalb recently to receive further instructions on the new Soil Bank.

Under this part of the program, a farmer will be able to earn two types of payment—an annual payment to help compensate for income which he would have received if the "reserved" land had been in crop, and a payment representing a percentage of the cost of establishing conservation practices on such land. The same acreage on a farm may not be included under both the Acreage Reserve and the Conservation Reserve parts of the Soil Bank.

Plans Course On Appraisal of Real Estate

The Chicago real estate board and the Illinois Chapter of the American Institute of Real Estate Appraisers announce that Real Estate Appraisal I, the official course of the American Institute of Real Estate Appraisers, will be offered at the Chicago Real Estate Board on an extension basis this fall on Monday evenings. The course will open on Monday, Sept. 17, and continue every Monday evening, except holidays, thru Feb. 25. The faculty will include Herman O. Walther, M.A.I. and Joseph K. Kuehnle, M.A.I., both accredited and experienced lecturers in the Institute's official case study courses.

The general purpose of the course is to teach the various principles and procedures of appraising all types of real property. It is designed to be of particular benefit not only to men who wish to become professional appraisers, but to real estate brokers and salesmen; representatives of mortgage loans, and savings and loan, and banking institutions; assessors; investors; attorneys; and all other interested in the knowledge of the principles of real estate valuation.

The course is officially approved by the American Institute of Real Estate Appraisers. An examination will be given at the end of the course and a satisfactory grade will be accepted by the Admissions Committee of the Institute as completion of Examination No. 1, now required under Institute regulations for admission as candidates for the M.A.I. designation.

Total enrollment will be limited to 100.

Ex-Marine is Now Operating Busy Store at Tinley Park

By Anne Rodger

The Western Tire & Auto Associate store, 7030 Oak Park ave., owned by Charles Walsh, carries a complete line of a large variety of articles, including auto accessories, hardware, garden and sports equipment, including tractors, televisions, air conditioners, plastic swimming pools, and toys.

Paint and all of its allied products is one of the major items stocked. They are in great demand and move very rapidly.

Charles Walsh

The Western Auto & Auto Stores originated in Chicago in 1917. They have expanded on a national scale; their most recent

Set New Date for Cooper School Sale

Notice has been given by trustees of Cooper school, Dist. 160, that sale of the property at 183rd and Cicero ave., Rich township is scheduled for July 28. Originally the sale had been scheduled for May 19 but was postponed.

The site and buildings will be sold at auction to be held on the premises. The time of the sale is set for 10 am.

ited to 100. Advance registrations may be made by calling Miss Bernadette Nolan, secretary of the course, at the Chicago Real Estate Board.

store was opened recently in Tampa, Fla. There are approximately 100 associate stores scattered thruout the county. Walsh who hails originally from Pueblo, Colo., where he graduated from junior college, was a driver for the Service Bakery before opening his store three years ago.

As a tech. sergeant in the U. S. Marine Corps, he served in the Pacific and China during his four-year service with a transport squadron, receiving his training in the Marine Corps and Naval Aviation schools.

His father-in-law owns a store at 177th st. and Oak Park ave.

Besides himself, he employs two additional men.

Volunteer Fireman

The civic-minded store owner is a third vice-president of the Tinley Park Lions club, member of the Retail Council and Veterans of Foreign Wars. He is also a volunteer fireman.

He and his wife Frances, who is from Blue Island, have been married for 12 years. Fishing is one of their favorite pastimes.

Walsh is a do-it-yourself fan and has a complete workshop in his basement. He is presently occupied in building a breezeway at his home, 16848 W. 171st st.

Your small grain crop plus a season's work can disappear in a few minutes if fire gets started in your fields.

FRANKFORT

Mrs. Katharine Heisner
Frankfort 4902

A lawn party will be given for the Rev. and Mrs. Ben F. Day and daughter Debbie next Sunday evening at 8 pm. to welcome them back for another year as pastor of the Methodist church. All members and friends are invited to attend. After a social evening cake and ice cream will be served.

Mr. and Mrs. Arthur Subbert of Mt. Prospect visited with Mr. and Mrs. Milton Subbert Sat.

Mr. and Mrs. Fred Schellhase and Mr. and Mrs. Ervin Schellhase were supper guests Sunday night of Mr. and Mrs. Conrad Mark Jr. at Manhattan.

Mr. and Mrs. Willard Burde and son were Sunday dinner guests of Mr. and Mrs. Ray Ryan at Lockport. Last Wednesday evening the Burde's attended a party at the home of Mr. and Mrs. Lawrence Burde in Lemont

in honor of their daughter and her sixth birthday.

Mr. and Mrs. Ralph Nieland entertained Mr. and Mrs. Burnett Schram and family and Mrs. Bertha Nieland at a hamburger fry on their lawn Sunday evening.

Mr. and Mrs. Clyde Reils are the parents of a baby girl, Donna Marie, born Saturday, July 7 in St. James hospital. Chicago Heights. The baby weighed six pounds.

Mr. and Mrs. Leon Cameron of Hartwell, Ga. returned home Saturday after spending two weeks with their son and wife, Dr. and Mrs. Irving Rudman.

Mr. and Mrs. E. Buzz Miller of Detroit, Mich., have moved in to the home at 233 Walnut st. Mr. Miller is the editor of the Ford paper at the Chicago Heights plant.

Dr. and Mrs. O. J. Novota and family spent Sunday at the Brookfield zoo.

Mrs. Roland Eis entertained 12 young people at a swimming party at Nowell Park last Friday afternoon in honor of her daughter Judy's 13th birthday anniversary. Later a picnic with a weiner roast was held in the park.

The annual band picnic was held at the Van Horn's woods with about 60 attending. A potluck supper with ice cream and pop was served.

Mr. and Mrs. Scherril Rahm entertained recently in honor of their daughter Jolene's 3rd birthday. Birthday cake and ice cream were served. Guests came from Frankfort, Green Garden and Tinley Park.

Douglas Heisner was the honored guest at a surprise lawn party and dinner last Monday, when his mother Mrs. Lester Heisner entertained 21 friends and classmates at her home. The event was his 13th birthday.

Games were played thru out the afternoon. In the evening a weiner roast was held on the

lawn with Mr. and Mrs. George Mager of Joliet, Miss Mary Ann Heisner, Mrs. Katharine Heisner, and Mr. and Mrs. Harry Miller and daughters attending. Douglas received many nice gifts. Miss Anna Bizer spent several days with Rev. and Mrs. Erich Bizer this week.

Mr. and Mrs. Henry Eisenbrandt and daughter Beverly of Monterey Park, Calif. were recent guests of his mother Mrs. Andrew Eisenbrandt and other relatives for 10 days.

Mr. and Mrs. Edward Tewes entertained relatives and friends at a buffet supper in their home last Sunday in honor of their daughter Nancy and her first birthday anniversary.

Mr. and Mrs. Joe Kolodcyk of Chicago were Sunday supper guests of Mr. and Mrs. Walter Bettenhausen. Mrs. Emma Koehler of Chicago spent last week at the Bettenhausen home.

Mr. and Mrs. Richard Schoeling entertained Sunday evening in their home in honor of their daughter Carol and her 13th birthday. Guests were Mr. and Mrs. Walter Salzwedel, Mr. and Mrs. William Schoeling, Mr. and Mrs. Melvin Rohling, Herman Dettmering, Miss Lolita Blume, Mr. and Mrs. Herbert Schmaedcke and family and Mrs. Sophia Schoeling all of Matteson Mr. and Mrs. Arthur Schoeling and family, Chicago Heights; Mrs. Sena Eiskamp and Paul and Rona Henkle. A social evening with refreshments was enjoyed.

Mr. and Mrs. Orval Schroeder entertained in their home Sunday evening with a pot luck supper. The occasion honored the birthdays of four relatives, their daughter Leanne, who was 13, Lester Gay, Elmer Batson and Miss Leona Fredericks of Peotone. Their birthdays are all on July 10. Guests were Mrs. Gay, Mrs. Batson, Mrs. Louisa Heisner, Mrs. Anna Scheer, Mrs. Lena Swanson, Mr. and Mrs. Harold Scheer, Mrs. Lena Swanson, Mr. and Mrs. Harold Scheer and daughters of Green Garden; Mrs. Laura Koenecke of Peotone; Mr. and Mrs. Conrad Haakinson and family; Mr. and Mrs. Leroy Mager and family and Mr. and Mrs. Stanley Warning and family.

Dr. and Mrs. W. V. Hedges, son Alan and Ralph DeYoung were dinner guests of Mrs. Anna Cleveland at Louis Joliet hotel in Joliet Sunday.

Rudolph Guzik and his piano students gave a recital in St. Peters church Sunday afternoon. Those taking part were Peter Burns, Holly Mossell, Patsy Burns, Janet Sangmeister, Kay Ann Schram, Connie Morrison, Sherri Nieland, Nancy Smith, Leona Guzik, Dale Krueger, Billy Morrison, Judy Krapf, Arlene Sangmeister and Jane Rehberg. Rudolph Guzik and his sister Leona played two duets.

In March 1954, two enlisted WAVES were selected for officer training, beginning a program to integrate outstanding enlisted WAVES into the officer grades.

Watch Behind on Turnpikes-- the Life You Save May be Yours

It's the rear end collisions that do most of the damage on today's high speed turnpikes. The reason, acute overdoses of monotony.

Monotony, or just plain boredom, is a real killer according to the Institute for Safer Living of the American Mutual Liability Insurance Company. A large share of mishaps occurring on expressways, especially those in the fatal category can now be chalked up to this cause.

The monotony arises from driving mile after mile at sustained speeds with little or nothing to occupy the driver's attention. Then something happens that causes the car ahead to stop or swerve suddenly, and following drivers are awakened from their dream state by a rending crash. Or, more tragically, they may never awaken at all. Sometimes it is a chain reaction that may extend for a mile or more along the turnpike, and a number of cars become involved in the pile up.

Late model cars do not improve the situation says the Institute. They operate largely by "automation," leaving the driver little more to do than keep a light pressure on the power steering.

The warm weather driving season has arrived. More families than ever before will be planning auto trips. Here are some suggestions for those who will be traveling the nation's modern thoroughways this year:

Double-check your car before starting a thorough drive. Tires should be checked for wear and inflated to the recommended pressure. Brakes should be functioning perfectly, and windshield windows and headlamps should be mirror clean. Adjust the rear view mirror for maximum visibility. Get an early or off rush hour start if you can, thus avoiding the heaviest traffic.

Sightseeing or scenery gazing is strictly for the birds. Usually, your only reason for being on a thruway is to reach your destination; safely, that is. Keep moving, and at a pace in keeping with the general traffic flow. Watch that speedometer, however. It will creep beyond a safe speed limit without your realizing it.

Flick your eyes at the rear-view mirror every few seconds. You must keep up with what is going on behind. Do not deviate from a straight line or into another lane without a double check on following traffic, then always give the proper signal. Never forget that blind spot off your left rear fender.

Keep a frequent check on your instrument panel, with special attention to motor temperature, oil pressure, and of course the fuel gauge. The latter recedes toward empty at a fantastic rate during higher speeds. Avoid a trouble stop by maintaining recommended oil level and never letting the gas gauge drop much below the half-full mark.

Never "camp" too close to the car ahead. Turnpike authorities recommend a minimum of six car lengths between vehicles under nearly all conditions; more is often necessary depending upon speed and weather conditions. Never, under any circumstances, come to a full stop in a moving traffic lane if it can be avoided. Drivers behind may be under the spell of highway hypnosis. Signal properly when you intend to stop, then pull off on the apron at gradually slackening speed. Police authorities recommend that stranded motorists raise the hood of the car or tie a white cloth to the left side as a distress signal. Do not leave the car to seek help. Patrolmen pass at frequent intervals and will come to your assistance.

Last but vital to your safety, pull off and take a few minutes' coffee break during each hour's travel, the break in this case meaning anything from coffee to smelling salts, a cat nap or a stretch and walk around the car. In this way you can even catch up with sightseeing prohibited while in motion.

Never attempt to drive on a thoroughway in an upset emotional state, and do remember that your mind and reflexes dull quickly under the spell-binding monotony of unreeling ribbons of concrete. Alertness is your best thoroughway insurance.

Sweet Adelines A Feature of 1956 Music Festival

The voices of 500 Sweet Adelines singing "I Believe" will be one of the spectacular highlights of the 1956 Chicagoland Music Festival, to be presented Saturday evening, Aug. 18, in Chicago's Soldier's Field.

The women's chorus, which will include members from Sweet Adeline groups and entertainment that will include:

Richard Tucker, Metropolitan Opera tenor, selected as star soloist for the 27th annual Festival.

Patti Page, radio, television and concert star, the Claremore, Okla., song bird who rose to international fame by singing about a little doggie in the window.

Susann McDonald, a pretty and talented 21-year-old harpist from Rock Island, Ill., who caught the attention of the music world last summer as the first American ever to win the grand premier prize of the Paris Conservatory of Music.

Donna West, who will ride her Arabian horse, Daryan, thru flaming hoops. The 21-year-old Burlington, Wis. horsewoman has already won second places in the Arabian Novice Pleasure and Mounted Native Costume classes.

A 120-piece band from Sioux City, Iowa's East High School, directed by Dale Caris.

A 60-piece Drum and Bugle Corps from Skokie, Ill., commanded by Edward Mueller. The Corps won the senior title at the National American Legion Oct. 10.

The 500 Sweet Adelines, who Convention contest in Miami last will entertain the audience of 80,000 spectators expected to attend the 27th Chicagoland Music Festival, represent the female counterpart of men's group called the Society for the Promotion and Encouragement of Barber Shop Quartet Singing in America, Inc. Representatives of the SPEBSQSA were one of the highlights of last year's Festival, according to Philip Maxwell, Festival director.

EDITORIAL

Thank You

The publishers and staff of
The Tinley Park Times are
grateful indeed for the welcome
given our new format.

We have received many
gratulatory messages, written
as well as verbal, following the
initial appearance of The Tinley
Park Times in tabloid format.
We appreciate them.

We are pleased that you are
pleased.

We also hope that you will
make full use of our news and
advertising columns.

Our new quarters are at 17729
Oak Park Ave. Our telephone
number is the same—Kellogg 2-
4728.

What's Your Hurry?

The Chicago Motor club has
a long and excellent record in
the field of traffic safety and
so it seems a bit odd to us that
its office of the vice president
and director of public relations
should be sending out a reprint
of an article from "Nation's Bus-
ness" to all the newspapers with
in its territory.

The article complains that
traffic laws should be revised to
legalize higher speed limits.

The Motor club letter writer
himself refrains from advocat-
ing such a step. Apparently, how-
ever, he hopes to find among
the editors some sucker who will
do the job for him.

"Possibly," writes the motor
club representative, "you may
have some suggestions for get-
ting rid of outmoded concepts of
traffic and enforcement. This
should be done," says Mr. John-
ston, "if the expanded road build-
ing program is to accomplish the
purpose for which it is intend-
ed."

Mr. Johnston is the man who
wrote the article in Nation's
Business. And from the tone of
the letter from the motor club
man, the latter seems to like
what Mr. Johnston is saying.

The title of Mr. Johnston's
article is "Slow Traffic Laws
Waste Fast Roads." Mr. John-
ston doesn't say where these fast
roads are, nor does he give any
reason for faster travel. The
manufacturers are making cars
faster and flimsier and one can
see their reason for this. More
speed causes more accidents and
being of paper-thin metal sheet
out on top of junk and so the man-
ufacturers can sell more cars.

But what Mr. Johnston is
going to get out of more speed
—unless of course he sells cars
or is a press agent for the auto
or steel industry—is difficult to
see.

He could very easily get a fun-
eral out of it—his own funeral—
but the chances are that he
wouldn't enjoy that.

What benefits an insurance
company can reap from revis-
ing speed limits upward and
thus increasing the number of
accidents, is also difficult to
figure out.

Coroner's records show that
speed is the cause of most fatal
accidents. There are many who
deny this and offer to cite sta-
tistics to back them up—just like
the trucking interests send out
tons of written propaganda at
intervals to show that it is the
light passenger car that breaks
up the highways and that the
box car sized trucks that use the
roads really preserve them.

Mr. Johnston advocates a
reasonable speed limit and de-
fines it as "one that will include
the speed of all but a few of the
fastest drivers."

To carry out Johnston's rec-
ommendation anyone clocking
drivers on the highways today
would therefore fix the speed
limit at say 85 miles an hour
on the road and reduce it to say
50 in congested areas.

Mr. Johnston would make it

tough on the slow driver, and
the person who pokes along at
25 miles an hour on a busy high-
way is a nuisance too. He also
apparently is a friend of tail-
gaters, those morons who trav-
el close behind the car ahead,
and just in case Mr. Johnston
wants to deny that he advocates
this dangerous practice we point
to his article where he describ-
es drivers as smug who keep
four lengths between them and
the car ahead on the highway.
This wastes road, he says. Mr.
Johnston is all for the fast driv-
er. He says weaving in and out
of traffic is a good thing, and
he gets pretty burned up over
a driver who wastes street room
by applying brakes until the
last possible moment when ap-
proaching a red light or stop
sign.

We hope that Mr. Johnston
does not live in these parts or
if he does that he is not driving
because there are enough goofy
people on the highways and
the townsfolk without add-
ing Mr. Johnston to the list.

And why the Chicago Motor
club should be using up postage
sending out such drivel as writ-
ten by Mr. Johnston is some-
thing the directors might ask
the vice president and director
of public relations.

Mr. Johnston does admit that
80 per cent of enforcement of
traffic laws is by the police. He
admits that the majority of traf-
fic violations are by the police
and safety officials
when asked if drivers had abili-
ty to judge safe speeds, answered
with an emphatic "NO." But
he doesn't agree with them.

The motor club asks if we
have any suggestions on traffic
enforcement. We would suggest
that all traffic violations be
separated from political pres-
sure. Get rid of the "gix" and
impose realistic fines that must
be paid or served out in jail and
most traffic problems will dis-
appear.

There is no need for faster
travel. Highway speeds are too
high now without encouraging
them to become greater. Persons
who find the highways too slow
on which to travel should take
to the air. Put them in the air
and they may kill someone
there too but it is practically a
cinch that they will kill them-
selves as well and that will be
of some benefit.

When you get right down to
it, speed is rather silly. Most
people who speed aren't going
anyplace special and won't be
doing anything of importance
after they get there. If it is
some place they have to go then
they can get there with more
comfort by starting a few min-
utes earlier. What is all this
hurry about anyway?

Laguna Woods

Mrs. Robert Anderson
Fieldbrook 9-2857

The directors of the Home Owners met July 8 in the home of George Carroll, July 10, the Home Owners annual meeting was held at St. Michael's hall in Orland Park. Hostesses were Mrs. H. L. Woodbury, Mrs. C. Manos and Mrs. W. Eckel. The ladies served sweet rolls and made coffee.

Mr. and Mrs. John Tabbert are entertaining her father who is visiting here from his home in Detroit, Mich.

Several of our neighbors are home from vacations and the Woods are alive again after a dull 4th. Mr. and Mrs. Raymond Cotter, Chuck, Ray, and Pam

spent a week in Cleveland, Ohio visiting her mother and sisters. Mr. and Mrs. William Donohue, who are building on 183rd st., are back in town after a week's vacation in Wisconsin.

The John Neisons and daughter Janine have returned from a week's motor trip thru Michigan and parts of Canada. They made frequent stops in Mich., where Mrs. Nelson found many lovely pieces of drift wood.

Mr. and Mrs. Raymond Cebold and two children spent a few days in Gladstone, Mich.

The L. H. Woodbury family spent the Fourth with friends at Pistakee bay.

Mr. and Mrs. William A. Robinson, Jr. are at home in Chicago after a honeymoon at Lake Geneva. Mrs. Robinson is the former Carole Tabbert.

The next Koffee Klutch will be held at the home of Mrs. J. Nelson Friday, July 13. We hope

Montana Cattle Go Into Relief

Governor J. Hugo Aronson officially inaugurates the Christian cross as a cattle brand for the Christian Rural Overseas Program drive in Montana by affixing the first "cross" to a calf donated to CROP. At round-up time, calves wearing the brand will be used to combat hunger overseas through the Church World Service program. Watching the branding, left, is the Reverend Donald A. Scanlin of Red Lodge, state CROP director. Directly behind Mr. Scanlin is William R. Mackay, state senator and owner of the Lazy EL ranch near Roscoe where the CROP drive for meat animals was opened. Close-up of new brand is circled in picture at right.

you will be out to meet your new neighbors.

Mrs. Robert Anderson was a luncheon guest of her mother, Mrs. Robert Hunter, of Chicago at the north side Swedish club last Tuesday.

Guests of Mr. and Mrs. John Tabbert for the Fourth were the Robert Andersons and Mr. and Mrs. Owen Storm whose home is near Joliet. Mrs. Tabbert and "Andy" collaborated on making a pizza. Mrs. Tabbert made the crust and Andy made the rest. It was a job well done.

If any of you are interested in bowling please contact Mrs. Anderson and we'll try and get up a couples nite out. Its too late to join the winter leagues and as the summer leagues are over in August we may still be able to get in a little exercise on the alleys. If you are interested in filling in on the mixed doubles this summer while the regular league members are on vacations, you can call Mrs. Tabbert who is the secretary for the summer couples leagues.

ORLAND PARK

Mrs. Sherman Knox
Orland Park; Fieldbrook 9-0211

A surprise miscellaneous bridal shower was given by the Misses Doris Cooper, Carol Molitor and Marilyn Hohenstein in the Orland Park Methodist church social room Sunday afternoon, July 1, in honor of Miss Theresa Molitor. Over 60 friends and relatives were present. An upturned umbrella with streamers of yellow and lavender crepe paper hung above the center of the 'shower table.' The bride to be chose as her colors, yellow and lavender, which was car-

ried thru out the room, even to the floral bouquets and some of the gifts were of the same colors. The honored guest received many beautiful and useful gifts.

A buffet supper was served, the dessert of cookies, candies, nuts and appropriately decorated cake squares were also served from another decorated table. Theresa is the daughter of Mr. and Mrs. Mathew Molitor of 167th and Wolf road. The groom to be Dudley Buck, is the son of Mr. and Mrs. Frank Buck of Raney's lane and 143rd st., Orland Park. August 4 is the date set for their wedding which will be in the Methodist church.

Mrs. Karl Ekberg, president of Orland Park Woman's club received a note from Mrs. Clark E. Gardner, 3rd district public affairs chairman, asking that the senior club members assist the juniors in collecting Park, Peak and Vets Dog food labels which in turn will help a worthy blind person in securing a Pilot Guide dog. Contact Mrs. Ekberg as to where the container for labels will be located. If there are any blind people who you feel are worthy of such a gift, send their names to Mrs. Ekberg and their names will be sent to the Pilot Dog foundation for consideration.

Mrs. Elizabeth Beauregard is a patient at Hazelcrest hospital suffering from a heart ailment. A card will help cheer her while confined in the hospital.

Mr. and Mrs. Louis Arnold of Allen Park, Mich., former residents of Orland were visiting relatives and friends in Orland a week ago.

Mr. and Mrs. Harry Heiting were dinner guests Sunday, of Mrs. Joseph Phillips at Elmhurst. The occasion was in honor of the 16th birthday of her son Joseph, Jr.

While on a business trip to Chicago, Reinhold Ohlsson of Minneapolis, called on his cousin, Mrs. Karl Ekberg.

Mrs. Wm. Grosskopf and son left for a vacation trip to California where they will visit her mother and sister for three weeks.

Mr. and Mrs. Harry Pihl spent a week in Michigan visiting with relatives and friends.

The Rev. Robert Plastow and family have returned from a vacation trip to Southern California where they visited relatives. The Rev. Mr. Plastow attended the Southern California-Arizona conference of the Methodist church, the first week in California where he was also ordained as a minister.

Frank Trein of Modesto, Calif. Mrs. Louise Briggs and granddaughter Michelle Mazurki of Glendale, Calif. and Mrs. Robert Ellison, Mrs. Gilbert Jay and daughter Carolyn of Chicago were guests Saturday of Mr. and Mrs. Clarence Kelsey.

At the close of the daily vacation bible school conducted by Christ Lutheran church, a picnic was held Sunday, July 1 at the Andrews Corporation grove on 108th ave. for the children and their parents. It was well attended. Games and races were enjoyed by both children and adults, and of course the usual picnic lunch.

Mrs. Francis Glahn and son James, of Roway, Conn. are visiting her parents, Mr. and Mrs. Thomas Wheeler during this month. The Glahn family were residents of Tinley Park until Mr. Glahn was transferred by his business firm to Connecticut.

Mr. and Mrs. Brycel Williamson of Heaton, Ohio were weekend guests of Mr. and Mrs. Harold Shroats. Together they left July 2 for White Cloud, Mich. where they spent the week vacationing.

Mrs. Iona Farr (Oscar) mother of Richard Farr, is now with her daughter, Mrs. Ethel O'Brien at 424 Adams st., Hinsdale. She is improving nicely, can walk a little, gets around in a wheel chair and can use her hands somewhat. She would appreciate a card or better yet, friends to call on her.

In spite of the rain and drizzle July 4, the Legion picnic was on the move. The Auxiliary members in charge of the refreshment booth had a flourishing business. Then towards evening, the rain really came

down, the booths were moved to the Legion hall, and business took over from there.

A large mass of cars and people watched the fireworks in the evening. After the display, games and refreshments were served in the hall.

Orland Park unit 526, the American Legion Auxiliary will meet at the home of Sally Cooper this Friday evening, July 13 at 8 p.m. All members are urged to attend. Hilda Nitsche and Eleanor Bivens will assist the hostess in serving refreshments.

The Orland Park Methodist church will conduct a daily vacation bible school for children from 1st to 6th grades, starting Monday, July 16 and closing Friday, July 27. All sessions will start at 9 a.m. and will be held in the church social room and Wesley hall.

ALPINE

Mrs. E. Mrosek
Fieldbrook 9-2841

"There wasn't enough of the issue to go around," has been the only complaint heard at this desk of the New Tinley Park Times which appeared in tabloid for the first time last week. A partial survey of the Alpine community shows that tabloid presentation of the news is well liked. In a community such

as this, served as it is by Mokena, Orland Park and Tinley Park and where the most common meeting places of its residents are the stores in Tinley, the Shopping Bag in Mokena and on Friday evenings, the Orland State Bank in Orland, supplementary sections giving news of the entire area are a particularly welcome addition to the regular coverage.

Mr. and Mrs. Albert Cardemon and family returned June 30, from South Haven, Mich., where they had been called by the sudden death of his father, Joseph, 64, June 20. Catholic services were held in Calvin's Funeral home, June 23, and interment was in McDowell cemetery, South Haven.

Teen-Age Club

A group of Albino's teen agers, sponsored by Mr. and Mrs. Edward Mrosek, enjoyed an evening of dancing at a regular meeting of the Teen-age club, sponsored by the Royal Order of the Moose, in the Moose hall in Lockport, Friday evening, June 27. The Teen-age club is a new venture of the Order and it is thought that as interest increases dancing classes and different activities will be arranged so that members will have something to do the year around. Plans are to appoint two teen-agers from each age group to act as a board to make plans for the club. To become a member a teen-ager must be sponsored by a Moose member and must be accompanied by his sponsor the first time. After that, as long as the teen-ager behaves, he (or she) will be allowed to

attend the club parties without being sponsored again. An interesting and different system of membership, whereby the teen-ager will be issued a membership card and a record kept of his sponsor is being worked out. In case the teen-ager loses his membership his sponsor will be notified.

Those who attended the last dance are eagerly looking forward to the Black Cat dance scheduled for Friday, July 13. Each member will wear something black.

Betty and Bob Stellwagen, along with other members of the Baptist Youth federation of the Marley Community Baptist church are vacationing at the

Baptist Assembly Youth Camp at Shriner College in Mt. Carol this week.

Many Alpine residents observed the fourth of July by attending the 74th annual picnic of the Marley Community Baptist church in the Hadley park.

Cub Scouts, den 5, of pack 218, enjoyed watching the stock car races at the speedway at 130th and Ashland, Wednesday. Mr. and Mrs. John Cruise entertained at a picnic in their yard on the Fourth. Present were her sister and family, Mr. and Mrs. Ray Fletcher, Ricky and Ronney; her brother, Bob Gruhlike, Dolores Petersen, Mr. and Mrs. Gene Ryan and children, all of Chicago and Mr. and Mrs. Roy Walker and Arthur.

COMPANY**

In a Thunderbird Special V-8 engine* 225 eager "horses" await your instructions
*Available in Fordomatic Fairlans and Station Wagons

For the sheer fun of driving

FORD goes first!

Thunderbird power
opens a whole new world
of driving pleasure...
makes Ford the
best-selling "8" of all!

Ahead of you the highway unwinds like a carelessly coiled rope. But firmly under you is a car designed to take roads like this in easy stride. Beneath that gleaming Ford hood, 225 eager horses await your orders. Nudge the gas pedal. Gently now... look! That truck that was ahead of us is now safely behind. See that flat "S" curve ahead? With Ford's low center of gravity and ball-joint front suspension, we'll follow its twisting turns in sure-footed safety. There, we're through it, and it was fun!

Beyond any doubt this '56 Ford will capture for you the adventure of driving. Behind its giant Thunderbird engine driving is full of fun again!

Where a Ford V-8 is concerned, only driving is believing. And the keys to a Ford are waiting for you now at your Ford Dealer's. Get behind the wheel of this great road car. Put it through its paces on any highway or byway. When you return to your dealer's showroom we think you'll agree that—Ford, indeed, goes first.

Ford goes first... in performance

... in safety

... in economy

Business and Finance

Maurice P. Angland

Most people are wondering what impact the steel strike will have on general business. The stock market for the past several days has advanced without regard to the strike and news columns reports that this strike is a very peaceful one with the workers taking the opportunity to paint their homes and take vacation trips, etc. An extended strike and shut down of steel supplies which cannot be supplied from stock piles which anticipated the strike, could have a bad effect on the very big plant expansion plans which seem to be general in industry this year.

Plant expansion programs have been gathering steam and are expected to be about 30 percent higher this year than in 1955 and this is especially starting in that 1955 hit an all-time record high for capital spending on such expansion. Economists agree that expenditures for new plant and equipment are one of the principal driving forces behind the continued efficient operation of the nation's business machine and that the high level of such expenditures represents a very solid base for continuing business prosperity. Economists agree that this expansion activ-

ity offsets the weak spots in the economy such as automobiles.

The larger security buyers report their sales and purchases to the Securities & Exchange Commission and it now comes out that during the decline in the securities markets during the month of May, the large pension funds and Mutual Funds were steadily accumulating selected common stocks.

The steel strike was anticipated by many of the students of labor problems. It was their opinion that the steel strike was not necessary in that the companies and the union could have gotten together except on the company's position as to the length of the contract. The companies did not want an annual contract, but rather wanted one covering at least four years in order to avoid this annual bickering so that operations would be more efficient and better long range planning possible.

They anticipated the strike on the basis of union politics. Competition between union leaders for power has become a really important force in the community now that the CIO and AFL have merged forces with their millions of members. This rivalry is said to be especially keen between David J. McDonald, head of the 665,400 steel workers, and Walter Reuther, chief of the 811,800 organized automotive workers.

Both sides of the steel strike wanted to settle and industry was reconciled to the fact that higher wages, and liberally so, would have to be granted. Most of this wage increase would have been passed on in increased steel prices which in turn would add to further dollar depreciation. The steel wage rate increase was expected to set the pattern for other industries and this will no doubt be the case when the strike is settled.

The union leaders dilemma is that he will sign a longer term contract and a rival leader secure better terms for his members and the inter-union impact of such a position for a union leader with national political ambitions for himself and his union. Unions are now big business with their welfare and pension funds and political organizations.

Highlights Of Farm Life
By W. F. Whiteside
Cook Co. Asst. Farm Advisor
If you have trouble with green algae on your stock watering tanks you can get rid of it by using copper sulphate or as it is commonly known, "bluestone." Put a small quantity of this material in a small cloth bag and dip it in the water two or three times every other day. Enough of the copper sulphate will dissolve to control algae and not harm livestock or fish. This material will also control algae on farm ponds. The volume of water must be determined first, then a recommendation as to the amount of chemical can be given.

Research studies at the University of Illinois College of Agriculture show that clipping pastures can increase forage yields as much as 10 to 20 percent. The increased yield comes in young, fast-growing plants that make the best feed for the dairy herd. In pasture mixtures, the grasses often grow rank and tend to crowd out the legumes. Clipping off this excess growth will give the legumes a better chance to grow. Cattle are likely to graze even a well-managed pasture unevenly. They may not eat some of the grass, and it will go to seed. Clipping will remove these seed heads and allow the pasture to recover at a uniform rate. Clipping pastures also fits well into a rotational grazing system. The clipping should be done about two days after the herd has been moved to a new pasture plot. A chain or harrow can be hooked to the rear of the mower so that the droppings can be spread in the same operation. In addition to improving the quality of the pasture crops, clipping will also control weeds. It will keep them from going to seed and also keep them from crowding out the grasses and legumes. The result will be higher quality pasture for your dairy herd.

Three varieties of oats—Clinton, Nemaha and Clintland—now account for close to 75 percent of the oats acreage grown on farms of Illinois crop correspondents, whereas Clinton alone accounted for nearly 80 percent in 1952. Clinton, including all the various selections of the Clinton variety, accounted for about 39 percent of the total acreage reported this year, while Nemaha and Clintland accounted for approximately 23 and 12 percent respectively. Columbia, the fourth ranking variety, has been used on about five percent of the reported acreage during recent years. Other varieties listed among the top ten include Clarion, Bonham, Bonda, Branch and Benton.

I just received a new circular, No. 758, published by the University of Illinois College of Agriculture which tells how to judge your land so that you can make the most out of it, called "Understanding Soils." The new publication explains what soil is and how it is formed, how soils differ, what steps to take in classifying soils and what to consider in managing the land. It contains tips on proper use, cropping systems, conservation practices on croplands,

practices needed on pasture land and woodland and management of wildlife areas.

Circular 758 was written by Ernest D. Walker, now retired, and W. F. Purnell of the agronomy department. Copies are available at my office.

Farm animals need to be protected from their own curiosity. They often show their curiosity by tasting and in this way they can be easily poisoned.

It's up to you to keep things like grease, lead paint and fertilizers out of reach of their tongues.

The gobs of grease around the axels of farm machinery make an especially tasty morsel.

PLAY IT SAFE! PROTECT YOUR LIVESTOCK! Keep in-jury threats out of reach!

Tractor accidents killed 51 people last year; 218 other people were injured. Some of the injured will carry permanent disabilities. One of the causes of these accidents was demonstrated at the recent farm machinery field day at the University of Illinois.

A heavy load was hitched to the axel of a tractor when the pull began, it took only 1.2 seconds for the tractor to tip backwards. No driver could ever escape in that short a time.

NEW LENOX

Delores Anderson
Phone 3651

The Friendly Neighbors club will hold a box lunch party Thursday, July 19 at the home of Mrs. Lillian Cvelbar in Spencer, instead of at the home of Mrs. Elsie Carter as originally planned.

The annual Gillette family reunion will be held this Sunday, July 15 in the Haley Park, next to the Marley church, in Marley. In case of rain the affair will be held in the church basement.

Mr. and Mrs. Evans Drotts returned Sunday night from Hancock Lake, at Harshaw, Wis., where they spent a few days vacation.

Mr. and Mrs. Burton Gillette and family talked long distance Sunday to their son, Seaman Ronald Gillette aboard ship at Norfolk, Va. Ronald's ship left Monday morning for Spain and Ireland. He expects to be back in the states sometime in Sept.

Mr. and Mrs. Burton Gillette and family entertained at their home Saturday evening at a family picnic supper. Guests were Mr. and Mrs. E. D. Gillette, Mr. and Mrs. Russell Lauffer and family, and Mr. and Mrs. Ted Sprout and daughter, all of Marley, and Mr. and Mrs. Harley Gillette of Mokena.

Several members of the Bluebird 4H club will attend 4H camp July 23 to 27 at Camp Shaw waw nas see, near Kankakee.

The New Lenox Riding club will meet Sunday, July 15 at 1 o'clock at the home of Mr. and Mrs. Glenn Vally. Mr. and Mrs. Robert Glenn and family are on the food committee for this meeting, which will be a business meeting, at which tentative plans for the annual fall Gymkhana will be started. There will be a social hour after the meeting and supper.

The regular meeting of the New Lenox Bluebird 4H club was held July 6 at one o'clock in the Lions den. Kathy Anderson gave an interesting talk on how to shrink materials; Carol Peterson demonstrated making a skirt; Judy Termunde talked on day camp held recently at Nowell Park; Carol Hammond and Helen Gullickson demonstrated making oatmeal drop cookies; Judy Dunn demonstrated making tuna fish sandwiches; Doris Engstrom told how to make a pot pourri; Gail Huss and Mary Jane Davis demonstrated the making of chocolate chip cookies; Dorene Smith demonstrated shrinking material; Kathy Anderson made Liverwurst sandwiches and Doris Engstrom demonstrated the making of assorted sandwich fillings. It was announced that a clothing clinic with help on modeling and records will be held at the Lions den at 1 p.m. Friday, July 13.

The New Lenox Garden club met Thursday afternoon, July 5 at the home of Mrs. L. E. Frey. Mrs. Robert Brown and Mrs. Lawrence Carlson were co-hostesses. Dessert coffee was served at 1:30 after which Mr. Walters of Swift and Co. made various flower arrangements ranging from small baskets to formal arrangements.

Claudia Halverson of Fort Lauderdale, Fla. arrived today at the home of Mr. and Mrs. William Minuth where she will vacation for ten days. The New Lenox Home Bureau will meet in the Lions Den Friday afternoon, July 20 at 1:30. Mrs. Edward Stevens will be hostess, with Mrs. Jacob Koller assisting. The lesson, "Help Child Live and Work with Older People," will be given by Mrs. Edward Berens. The 4H girls are invited to attend Mr. and Mrs. William Clark and children are enjoying a two weeks vacation at Silver Lake, Mich. They will be home the latter part of this week.

The Altar and Rosary society of St. Jude's Catholic church met Tuesday evening in the church hall. The Rosary was led by Mrs. Edna Cutler. A short business meeting was conducted by Mrs. Mabel Reiter, the newly installed president. The members voted to sell hosiery as one of the projects for the year. Mrs. Reiter urged all members to attend the July meeting as

plans for the parish picnic for August 5 will be discussed. Immediately following the meeting, Mrs. Marion Baskerville, the program chairman, introduced Mrs. Mildred Houchin, an authority on floral arrangements, who gave an interesting demonstration. The centerpieces were later used to decorate the luncheon tables. Dessert coffee was served by the committee members. Prizes were awarded to Mrs. Antonia Skvorc, Mrs. Sallie Kovalek, Mrs. Emma Spreitzer, Miss Cole Spreitzer, Mrs. Irene Shanahan, Mrs. Polly Beebe, Mrs. Edna Cutler, Mrs. Dorothy Schubert, Mrs. Adeline O'Daniel, and Mrs. Leona Dickman.

The Senior and Adult MYF groups of the Methodist church held a surprise party July 3 at the home of Miss Eleanor Hammond, East Cooper st., for the Rev. Robert Townsend, who has been assigned as the pastor of the Creston, Ill. Methodist church. In addition to the members of the groups, the party was attended by the Rev. and Mrs. George Martin. The Rev. Mr. Townsend was presented with a copy of the ritual of the Methodist church and other books to assist him with his work.

Mrs. William Tibbatts, Gum street, left Friday afternoon for Seattle, Wash., where she will spend a few months with her son Mr. and Mrs. Marvin Tibbatts and family. Her daughter Mrs. James Campbell accompanied her to Chicago, from where she took the train.

Mr. and Mrs. Everett Merfeld and family have returned from Minong, Wis., where they enjoyed a two weeks vacation.

The New Lenox Senior MYF of the Methodist church will enjoy a moonlight cruise on Lake Michigan Friday night, July 13. The cruise will be taken from

three superior ratings, and nice comments on their excellent costuming and dancing.

The girls were told by the judges that they were too good to continue on to Springfield for their festival.

Bleach Powder Removes Odors From Cisterns

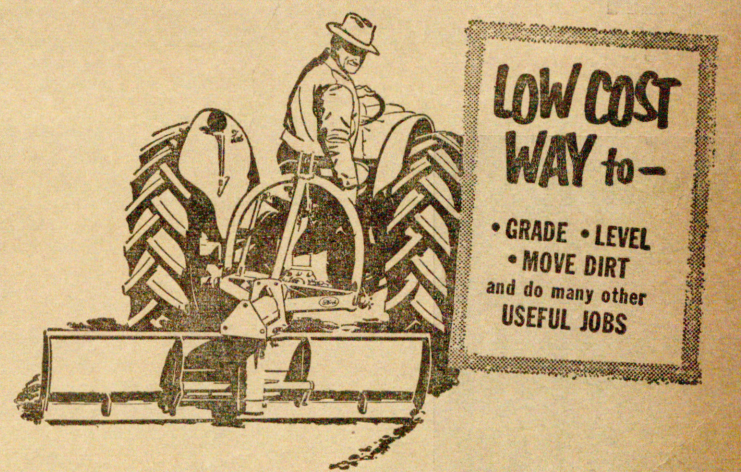

You can make cistern water usable for everything but drinking by using a heavy dosage of chlorinated lime or bleaching powder.

Frank Andrew, extension agricultural engineer at the University of Illinois College of Agriculture, says the bleach will have a strong smell for a day or so. But it will go away and leave your cistern water free from harmful germs and bad odors.

It is possible to help keep disagreeable smells from developing in cistern by cleaning it out thoroughly and then installing a filter and a rain switch. The switch allows the rain to wash the roof dirt away before it turns the runoff water into the cistern.

In spite of all your precautions, Andrew says, you can't keep all leaves and insects, or even a mouse once in a while, from getting in and causing musty odors. Then you can use the lime or bleach. This chemical treatment is especially useful in dry weather, when a low supply of water might make you hesitate to drain it away to clean the cistern.

In the Antarctic, one Navyman consumes 115 pounds of beef per year.

FORD

Adjustable Rear Blade

Here is a rear mounted blade that will help you to perform a wide variety of useful jobs, easily and at low cost. It attaches readily to the 3-point hitch of your Ford tractor, adding to its convenience and utility. The blade can be offset, tilted, adjusted for pitch and angled to either right or left—or may be operated straight behind, whichever is best for a particular job. It may also be reversed for such jobs as backfilling or for working up to obstructions which the tractor can't cross. A gauge wheel, ditching point and end plates are sold separately.

HER KITCHEN—10 degrees cooler—

HER RANGE—a modern electric

Hot weather's here again. And unless you have a modern electric range, your kitchen's likely to get even hotter when your oven's on a couple of hours.

Uncomfortable? Yes, and unnecessary. Today's electric ranges keep your kitchen about 10 degrees cooler because they keep the heat in the oven where it belongs.

Modern electric ranges also keep your kitchen cleaner. (Actually twice as clean as other ways of cooking.) And today, nothing cooks faster.

The latest electric ranges offer many "new idea" features. For example: built-in rotisseries, smokeless broilers, counter-top cooking units and automatic controls. See them at your dealer's. Discover how easy it is to own a cool-cooking electric range.

Big saving—we pay part of your range installation cost!

Need modern wiring? We share the cost with qualified home owners in 1, 2 and 3-family dwellings.

And you get more than a money saving!

Modern wiring helps improve your TV picture, brightens lights, makes everything electrical work better. You can also install a 240-volt electric dryer, water heater or air conditioner quickly and cheaply. The Share-the-Cost Plan is available on terms of up to 2 years.

PUBLIC NOTICE

Notice of Proposed Change in Gas Schedule NORTHERN ILLINOIS GAS COMPANY hereby gives notice to the public that it has filed with the Illinois Commerce Commission on June 29, 1956, the following proposed changes in its Rate Schedule G:

1. The list of incorporated communities covered by the Schedule is brought up-to-date.
2. Provision is made for supplying natural gas to residential and commercial customers for the operation of dual-fuel space heating equipment.
3. The restrictions on uses of gas under Rate 7 (37), Industrial Volume Gas Service—Off-Peak, and Rate 8 (38), Industrial Gas Service, are liberalized.
4. Gross charges for large-volume industrial use are reduced, with no change in net charges.
5. The application of the adjustment for cost of purchased gas is modified with no change in the total charge to any customer.
6. Certain minor changes are made for purposes of clarification and standardization.

Further information with respect thereto may be obtained either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

A copy of the proposed change in the schedule may be inspected by any interested party at

Cards of Thanks

I want to extend my sincere appreciations to one and all for the many acts of kindness, also for the gifts, cards and flowers sent to me during my recent illness.

BLANCHE MITCHELL
Frankfort

We want to express our heartfelt appreciation to all our friends, neighbors and relatives for their many acts of kindness shown to us during our recent bereavement; also for the cards, floral and memorial offerings, to the Rev. A. W. Gode for his comforting service. Your thoughtfulness will always be remembered.

MRS. FRED HENTSCH and SONS,
Mokena

In Memoriam

STELTER, Ernest In loving memory of our beloved husband, father and grandfather, late of Tinley Park, who passed away July 7, 1953. A happy home we once enjoyed. How sweet the memory still. But death has left a loneliness. This world can never fill. Rest in peace dear Dad. In mansions of the blest. Where there is no pain or sorrow. Only sweet eternal rest.

LOVING WIFE, CHILDREN and GRANDCHILDREN

NIEDRINGHAUS, Wilfred. In loving memory of our son, late of Frankfort, who left us 10 years ago July 15. Away in the land of sunrise. Separated by heaven's gold door. Our loved one is patiently waiting. Not dead, just gone before.

MOM and DAD

DEADMORE, Hugh. In loving memory of my husband, late of Mokena, who passed away two years ago, July 17. He had a nature you could not help loving. A heart that was purer than gold. And to those who knew him and loved him. His memory will never grow old.

CLIDA DEADMORE

BORMET, Fredericka. In loving memory of our dear mother, late of Mokena, who died one year ago July 15. Memories of the year gone by. Are all we have today. The one we loved so dearly. Has gone to Heaven to stay.

PUBLIC NOTICE

Notice of Proposed Changes in Schedule

COMMONWEALTH EDISON COMPANY (Public Service Company Division) hereby gives notice to the public that certain revisions in Schedule E-3 have been filed with the Illinois Commerce Commission on June 26, 1956.

The filing proposes changes, to be effective with meter readings on and after October 1, 1956, in the meter rental charges set forth in Rider 7 for metering equipment in excess of that normally furnished by the Company, to reflect changes in the cost to the Company of furnishing the additional equipment.

Also proposed is the cancellation of Rider 19, Electric Service for Defense Customers, which now applies to only two of the Company's industrial customers. Service henceforth would be supplied to single-purpose defense plant customers on the same terms as to other customers. This cancellation is proposed to be effective on July 27, 1956.

Further information with respect to these changes may be obtained directly from the Company or by addressing the Secretary of the Illinois Commerce Commission in Springfield, Illinois.

A copy of the proposed changes may be inspected by any interested party in any business office of this Company.

Tinley Police League Nine Wins

Tigers Edge Out Oak Forest 8-7 In Hard Fought League Contest

The Tinley Park Tigers finished first round of play in the Southwest league with five victories and two defeats after taking an 8 to 7 win over Oak Forest in a game played last Sunday on Memorial Park diamond that was a thriller clear to the end.

Ron Dziennik, on the mound for Tinley, struck out the side in the first and second innings and fanned two out of three Foresters in the third. But errors, walks and a home run gave the first frame and two in the third.

Tinley had tied the score at 2-2 in its half of the first with a double by Paul Ebeling and a home run by Dick Cowger. In the last half of the fifth the Tigers scored three times. Les Beccue and Ron Harnack singled, scoring on Dan Anfield's double down the left field line. Anfield then moved to third and came home on Dziennik's sacrifice fly. But Oak Forest came back in the sixth to knot the count at 5-5 in the first of the sixth.

Tinley failed to score in its half of the sixth but counted twice in the seventh to take the lead 7 to 5. Dziennik reached based on a fielder's choice and Dave Morlock walked. Both men advanced on a pass ball. Then Dean Taylor bled to the shortstop who threw the ball over the first baseman's head. Both men scored.

But Oak Forest didn't give up. With two out in the first of the ninth, the next visitor walked, stole second and scored on a single. Another walk and a double brought in another run and the score was tied again. Dziennik fanned the next batter to retire the side.

A walk to Dave Morlock followed by a series of errors gave Tinley the winning run. Morlock went to second on a

wild pitch and never stopped running. The catcher apparently had some wild idea that he could still get Dave and threw toward second, the ball going into center field.

Morlock looked out into center as he touched third just in time to see that workman dropped the ball. Dave kept on running. Had the center fielder been able to throw to the plate he might have nailed Morlock but he threw to the shortstop and the latter relayed the ball to the catcher, a shade late. Morlock hit the dirt and slid in safely.

Dziennik pitched nice ball to record his first win for the Tigers. He allowed eight hits, gave up three walks and fanned 16.

This Sunday, July 15, the Tigers will travel to Flossmoor for a game that is to begin at 2:30 o'clock. The next three games after that will be played at Tinley Park. On July 1 Tinley defeated Lincoln A.C. 15 to 13.

Police Teams Attend Picnic; Lohman is Host

The Tinley Park baseball team sponsored by the police department attended a picnic Saturday on the Chicago north shore lake-front. All of the Cook County suburban teams, under Sheriff Joseph Lohman were invited. The sheriff revealed plans for the operation and expansion of the league. Organized this year, there are a total of 20 teams in the north, central and south sections of the county. Next year, said Lohman, 100 teams are expected to be entered.

Police chief Harold Moore and Wilbert Mager accompanied the boys as representatives of the Tinley police department. Bill McBurney and Joe Diamond, manager and coach who also attended, were presented with medallions for their fine work in handling the local team.

Refreshments were served and prizes awarded for various games of skill. Dale Hartwig, member of the local team, placed third in a 100-yard dash race. He received a baseball autographed by Sheriff Lohman.

A three-inning baseball game was played with representation from each team.

Barefoot Boy Business Part Of Grid Picture

By Anne Rodger
If you see husky teenagers running and trotting around Tinley Park barefoot, they are not addle-brained from the heat. They are just toughening their feet and doing windprints for the coming football season.

Ever wonder what football players do in the summertime? If they are on the squad of Bremen Community High school football team, they are keeping regular hours and eating the proper foods.

Coach L. J. Callon presented each of the players and boys aspiring to be on the squad, with a list of summertime instructions.

Besides the foregoing, they were advised to do daily calisthenics such as jumping jacks, deep knee bends, Olympic sit-ups, leg strengthening exercises, push-ups, front and back bridges and the bear crawl.

The coach advised his young hopefuls that if they did these exercises daily, increasing the amount each day, that by the start of practice they will be ready to go.

Reminding them that they are the conference champions, he advised no team can beat them out of the championship—they have to lose it themselves.

Coach Callon looks forward to a tough season of play. "Desire, hustle and physical condition makes football players," he advised.

Hey fellas! Bet you forgot! Dig that list of instructions out of the bureau drawer and get busy. The coach wants to see you Aug. 23 IN THE PINK.

Plan Lutheran Rally in October

Plans for another gigantic Lutheran Hour rally, to be held Sunday, Oct. 21, 1956, in the International Amphitheatre, 42nd and Halsted sts., Chicago, have just been made public.

The announcement was made by O. A. Dietrich of River Forest, president of the Lutheran Laymen's league of Northern Illinois, promoters of the event.

The rally will signalize the 24th season of this international radio broadcast, known officially as "Bringing Christ to the Nations." It will feature an address by the Rev. Dr. Oswald Hoffmann, the Lutheran Hour speaker.

The theme of the rally will be "Christ for Every Crisis." Early plans include a mass choir of 2,500 voices and brass instruments.

Wallops Robbins 21-6 in Tilt Filled With Hits and Errors

By Al Rodger
The hard-hitting Tinley Park police baseball team played at Robbins last Sunday and emerged with another victory, 21 to 6.

Jerry O'Neil, first batter up for Tinley, was safe at first when the pitcher bobbled his bunt. Erickson followed with a double, scoring O'Neil. Miller walked and Erickson scored when Miller was thrown out at second.

In the third inning, Bob Rodgers opened with a home run. Hartwig went to first on a base on balls, Roger Hug singled, Rich Tindall was safe at first when the pitcher juggled his bunt; Stege walked and Siemsen struck out. Erickson was hit by

a pitch ball. Miller, next batter up, struck out and Rodger hit his second homer of the inning. Hartwig followed with a triple and scored when Hug singled to center. Stege's fly to short ended the inning after Tinley had tallied eight runs to make the score 10-0.

Five singles by Stege, Miller, Rodger, Mortinson and Small coupled with two errors accounted for six more runs in the last inning.

The highlight for Robbins came in the sixth inning when Leonard banged a homerun with the bases loaded, but Jackson struck out to end the rally.

Rodger was the winning pitcher striking out 14 while Mogman was charged with the loss.

Sportabout

by JACK MAYPOLE

To the long list of government projects, jet airports, government A-bomb centers and government restrictions in general add a new threat to the fish of the United States—the washing machine.

It is this machine, that has made possible the great increase in the use of detergents, that spews its after-wash water into the drains and out into the waters.

Last year at the Warrenville dam on the West Du Page river suds rose to high that hundreds of fish expired. Since then there have been evidences along other rivers and in lakes that the menace of detergents is increasing.

As everyone who uses them knows, detergents do not lose their sudsing power with a simple rinse. They keep on piling up suds until thoroughly aerated by the addition of fresh water. At the DuPage river dam the gates finally were opened and the high froth of the suds was carried away into swift water.

Cook county, with the detergents from manufacturing plants, also is reporting pollution.

It is to be said for the detergent makers that they have shown a willingness to help solve the problem before it becomes a major menace. They have retained the research department of the University of Illinois to see if detergents are responsible for the smothering or poisoning of fish. So far the department has announced no conclusive results.

DuPage conservationists have suggested that the researchers come to them for an example of what harm the detergent can do, particular and to other wildlife.

This new menace to fish in feeding on waterways and lakes is something that must be considered. In every community where there have been mysterious deaths of fish in quantity it would be well to check the detergent disposal problem.

People are not going to stop using detergents, that is certain. The problem is to work out some method where the suds makers can be thoroughly aerated before reaching the water instead of leaving disposal up to nature.

Science, having threatened the fish, should move to counteract the menace. And, no doubt, science will—if the conservationists keep demanding action.

(Hear Jack Maypole over WJJD at 8:40 a.m. M-F)

TELLS HOME OWNERS TO BEWARE OF HIGH PRESSURE SALESMEN

Homeowners have been victimized by fast-talking salesmen who sell shoddy or worthless improvement services at sky-high prices. Here is how to keep out of their clutches, say the editors of Changing Times: The Kiplinger magazine.

Don't believe any claims or suggestions that the materials to be used or the workmanship is approved or backed by the government. There can be no such endorsement.

Not An Act

This lad is not performing on a tightrope, nor is he in the intricacies of a ballet step. He is running bases and the picture proves that one can get to third base standing up after a flyball has been bagged in center field. The young man balancing here so prettily is Bob Seaman of Matteson and was taken while Matteson was playing the Tinley Park police team. The photographer doesn't recall whether Seaman's dash paid off in the form of a run or he was left stranded.

(Tinley Park Times Photo)

Hurler

The young man pictured here is Ron Stege, pitcher for the Tinley Park police league nine, is the likely starter in the game to be played here Sunday. So far Ron has been the pitcher of record in but one game in the police loop. He lost that one but his stuff looks good.

(Tinley Park Times Photo)

DRESS UP PUBLIC BUILDING

In every community, the post office, library, courthouse and other centrally located buildings are among the most prominent of all structures and should form the nucleus of local beautification-by-planting project, the state's "PlantIllinois" committee says.

"Wild Willie" Is Looking for Third Triumph

"Wild" Willie Wildhaber will be looking for his third straight main event victory, while the rest of the drivers are watching to stay out of trouble in the midget auto races Saturday night at Joliet Memorial Stadium.

Wildhaber, of Lexington, Ill., became the first driver to win two feature victories last Saturday, thus vaulting into the lead in the track point standings.

Two weeks ago, when Wildhaber won his first feature race, one of the drivers, Earl Sims of Chicago, was fatally injured. Last week three drivers were

BIG CHANGES IN 1957 CARS

Get set for some real surprises in the 1957 cars. Bodies will be lower slung and smaller wheels will give a smoother ride. More extravagant use of glass will mean thinner body posts. Car interiors will stress comfort and class and swivel seats will add luxury. Motors will be even more powerful with automatic transmissions standard equipment on even the lower priced models. Gadgets will abound: hi-fidelity phonographs, pint sized radios, electric locks that secure all doors, built in sanders for icy roads.

hurt in lesser accidents. Only one, John "Red" Wallace of Joliet, may not be back in action Saturday because of a shoulder injury.

Among the drivers who will be bidding to keep pace with Wildhaber will be Willie Wilson of Bensenville, Paul Kerber of Elgin, Jolietans Tony Saylor, Bob Hauck and Corky Singer, and Bob Tattersall of Streator, who climbed back in his car after it upset and placed second in the feature.

Time trials Saturday will start at 7:30 p.m. and the first race at 8:30 p.m. There will be four heat races, a handicap event, 15 lap semifeature and 25 lap feature.
